*relevance* | date

Research article

A trust management framework using forest fire model to propagate emergency messages in the Internet of Vehicles (IoV)

Vehicular Communications, January 2022

A. K. Fabi, Sabu M. Thampi

Research article

Forest fire detection utilizing ghost Swin transformer with attention and auxiliary geometric loss

Digital Signal Processing, November 2024

Lili Wang, Haiyan Li, ... Hongsong Li

Research article

Dynamics of meteorological and hydrological drought: The impact of groundwater and El Niño events on forest fires in the Amazon

Science of The Total Environment, 1 December 2024

Naomi Toledo, Gabriel Moulatlet, ... Bruno Conicelli

Research article

Changes in aerosol properties at the El Arenosillo site in Southern Europe as a result of the 2023 Canadian forest fires

Environmental Research, 1 November 2024

Mikalai Filonchyk, Michael P. Peterson

Research article *Open access*

The effect of growth, deforestation, forest fires, and volcanoes on Indonesian regional air quality

Journal of Cleaner Production, 10 June 2024

Rizky Aulia Rahman, Benedict White, Chunbo Ma

View PDF

Research article

Preferences for a payment for ecosystem services program to control forest fires in Burkina Faso: A choice experiment

Forest Policy and Economics, June 2023

Achille Augustin Diendéré, Dominique Kaboré

Research article

Integrating meteorological and geospatial data for forest fire risk assessment

Journal of Environmental Management, May 2024

Zahra Parvar, Sepideh Saeidi, Seyedhamed Mirkarimi

Data article *Open access*

UAVs-FFDB: A high-resolution dataset for advancing forest fire detection and monitoring using unmanned aerial vehicles (UAVs)

Data in Brief, August 2024

Md. Najmul Mowla, Davood Asadi, ... Khaled Rabie

View PDF

Research article *Open access*

Reconstructing historical forest fire risk in the non-satellite era using the improved forest fire danger index and long short-term memory deep learning-a case study in Sichuan Province, southwestern China

Forest Ecosystems, 2024

Yuwen Peng, Huiyi Su, ... Mingshi Li

View PDF

Case report *Open access*

Spatial mapping and analysis of forest fire risk areas in Sri Lanka – Understanding environmental significance

Case Studies in Chemical and Environmental Engineering, June 2024

Randika K. Makumbura, Prasad Dissanayake, ... Upaka Rathnayake

View PDF

Research article *Open access*

Estimation and trend analysis of carbon emissions from forest fires in mainland China from 2011 to 2021

Ecological Informatics, July 2024

Donglin Fan, Menghui Wang, ... Bolin Fu

View PDF

Research article *Open access*

Integrating geospatial, remote sensing, and machine learning for climate-induced forest fire susceptibility mapping in Similipal Tiger Reserve, India

Forest Ecology and Management, 1 March 2024

Chiranjit Singha, Kishore Chandra Swain, ... Sanjay Kumar Swain

View PDF

Research article

Forest fire spread simulating model using cellular automaton with extreme learning machine

Ecological Modelling, 24 March 2017

Zhong Zheng, Wei Huang, ... Yongnian Zeng

Research article *Open access*

Modelling decisions concerning the dispatch of airtankers for initial attack on forest fires in Ontario, Canada

Canadian Journal of Forest Research, 20 December 2022

Melanie Wheatley, B. Mike Wotton, ... Joshua M. Johnston

Research article *Open access*

Nonparametric Predictive Inference Forest Fire Dashboard

Procedia Computer Science, 2024

Amirah Hazwani Roslin, Noryanti Muhammad

View PDF

Research article *Open access*

Spatial layout siting method for fire stations based on comprehensive forest fire risk distribution

Case Studies in Thermal Engineering, September 2023

Juntao Yang, Kai Guo, ... Zhangyin Dai

View PDF

Research article *Open access*

Crowdfunding or crowdsourcing time: Exploring the willingness of private citizens to help prevent forest fires

Forest Policy and Economics, June 2024

Marieta Valente, Maria Eduarda Fernandes, Lígia Maria Costa Pinto

View PDF

Research article *Open access*

Detecting forest fire omission error based on data fusion at subpixel scale

International Journal of Applied Earth Observation and Geoinformation, April 2024

Haizhou Xu, Gui Zhang, ... Huashun Xiao

View PDF

Research article *Open access*

Deep Learning Approaches for Forest Fires Detection and Prediction using satellite Images

Procedia Computer Science, 2024

Mounia Aarich, Awatif Rouijel, Aouatif Amine

View PDF

Research article *Open access*

Human activities and forest fires in Indonesia: An analysis of the Bromo incident and implications for conservation tourism

Trees, Forests and People, March 2024

Sapta Suhardono, Laili Fitria, ... Wisnu Prayogo

View PDF

Review article *Open access*

Stakeholder and social network analysis for understanding forest (fires) management – A contribution based on a systematic literature review

Forest Policy and Economics, January 2025

C. Campos Fernandes, S. Valente, ... A. Polido

View PDF

Research article *Open access*

Analysis of forest fire patterns and their relationship with climate variables in Alberta's natural subregions

Ecological Informatics, May 2024

Hatef Dastour, M. Razu Ahmed, Quazi K. Hassan

View PDF

Research article

Semantic sensor network ontology based decision support system for forest fire management

Ecological Informatics, December 2022

Ritesh Chandra, Sonali Agarwal, Navjot Singh

Research article *Open access*

Forest fire estimation and risk prediction using multispectral satellite images: Case study

Natural Hazards Research, June 2024

Nazimur Rahman Talukdar, Firoz Ahmad, ... Javed Rizvi

View PDF

Research article *Open access*

Classifying forest cover and mapping forest fire susceptibility in Dak Nong province, Vietnam utilizing remote sensing and machine learning

Ecological Informatics, March 2024

Van The Pham, Tuyet Anh Thi Do, ... Anh Ngoc Thi Do

View PDF

Research article

Evaluation of forest fire risk based on multicriteria decision analysis techniques for Changzhou, China

International Journal of Disaster Risk Reduction, November 2023

Weiyi Ju, Zhixiang Xing, ... Qingchun Kang

Research article

Determinants of local community participation in forest fire management in the northern Iran

International Journal of Disaster Risk Reduction, 1 June 2024

Mohamad Hassan Ansari, Masoud Bijani, ... Imaneh Goli

Research article *Open access*

Distribution and influence of forest fires on the ecological and radiation situation in radioactively contaminated areas

Procedia Structural Integrity, 2022

Volodymyr Sydorenko, Sergiy Yeremenko, ... Liubov Poberezhna

View PDF

Research article *Open access*

A High Performance Computing Framework for Continental-Scale Forest Fire Spread Prediction

Procedia Computer Science, 2017

C. Brun, T. Artes, ... A. Cortés

View PDF

Book chapter

Chapter 10: iDroneChain: Intelligent EdgeDrone and blockchain-based secured data delivery for forest fire surveillance

The Role of Blockchain in Disaster Management, 2025

Sreemana Datta, Ditipriya Sinha, ... Mohammad S. Obaidat

Research article *Open access*

Sustainable collaboration: Federated learning for environmentally conscious forest fire classification in Green Internet of Things (IoT)

Internet of Things, April 2024

Ali Akbar Siddique, Nada Alasbali, ... Jawad Ahmad

View PDF

Research article *Open access*

Estimating annual GHG and particulate matter emissions from rural and forest fires based on an integrated modelling approach

Science of The Total Environment, 10 January 2024

Carla Scarpa, Valentina Bacciu, ... Donatella Spano

View PDF

Research article

Multi-objective scheduling of priority-based rescue vehicles to extinguish forest fires using a multi-objective discrete gravitational search algorithm

Information Sciences, August 2022

Guangdong Tian, Amir M. Fathollahi-Fard, ... Xingyu Jiang

Research article

EdgeFireSmoke++: A novel lightweight algorithm for real-time forest fire detection and visualization using internet of things-human machine interface

Expert Systems with Applications, 1 July 2023

Jefferson S. Almeida, Senthil Kumar Jagatheesaperumal, ... Victor Hugo C. de Albuquerque

Research article *Open access*

Large Forest Fire Spread Prediction: Data and Computational Science

Procedia Computer Science, 2016

Tomàs Artés, Ana Cortés, Tomàs Margalef

View PDF

View PDF

Research article

Is early evacuation the best and only strategy to protect and mitigate the effects of forest fires in WUI areas? A qualitative research on the residents' response during the 2021 forest fires in NE Attica, Greece

International Journal of Disaster Risk Reduction, 1 April 2023

Ioannis Zikeloglou, Efthimios Lekkas, ... Maria Stavropoulou

Research article *Open access*

The influence of regional wind patterns on air quality during forest fires near Sydney, Australia

Science of The Total Environment, 20 December 2023

Michael A. Storey, Owen F. Price, Paul Fox-Hughes

View PDF

Research article *Open access*

Error Function Impact in Dynamic Data-driven Framework Applied to Forest Fire Spread Prediction

Procedia Computer Science, 2016

Carlos Carrillo, Tomàs Artés, ... Tomàs Margalef

View PDF

Research article

Environmental drivers and spatial prediction of forest fires in the Western Ghats biodiversity hotspot, India: An ensemble machine learning approach

Forest Ecology and Management, 15 July 2023

Kanda Naveen Babu, Rahul Gour, ... Narayanaswamy Parthasarathy

Research article

Plant colonisation, soil nutrient patterns and microclimate after a large forest fire in temperate Central Europe

Forest Ecology and Management, 1 June 2025

Vojtěch Lanta, Martin Adámek, ... Alena Sucháčková Bartoňová

Research article *Open access*

Forest fire risk mapping with Landsat 8 OLI images: Evaluation of the potential use of vegetation indices

Ecological Informatics, March 2024

Ecological Informatics, March 2024

Fatih Sivrikaya, Alkan Günlü, ... Okan Ürker

View PDF

Research article *Open access*

## Assessment of social vulnerability to forest fire and hazardous facilities in Germany

International Journal of Disaster Risk Reduction, March 2023

Alexander Fekete, Udo Nehren

View PDF

Research article *Open access*

## Multi-criteria decision analysis for monitoring and evaluating soil erosion risk in forest fire-affected areas

Journal of Environmental Management, January 2025

Francesco Vito Ronco, Annunziata Fiore, ... Francesco Gentile

View PDF

Research article *Open access*

## Optimizing Forest Fire Prevention: Intelligent Scheduling Algorithms for Drone-Based Surveillance System

Procedia Computer Science, 2023

Mahdi Jemmali, B. Melhim Loai Kayed, ... Mafawez T. Alharbi

View PDF

Research article *Open access*

## Research on the influencing factors and prevention measures of long-term forest fire risk in Northeast China

Ecological Indicators, November 2023

Boxin Zhang, Deyu Cai, ... Xiaokang Zuo

View PDF

Research article

## Predicting the potential impact of forest fires on runoff and sediment loads using a distributed hydrological modeling approach

Ecological Modelling, June 2022

Rouhollah Nasirzadehdizaji, Dilek Eren Akyuz

Research article

## An optimization-based approach for an integrated forest fire monitoring system with

multiple technologies and surveillance drones

European Journal of Operational Research, 1 March 2024

Rodrigo De la Fuente, Maichel M. Aguayo, Carlos Contreras-Bolton

Research article

Risk of forest fires occurrence on a transition island Amazon-Cerrado: Where to act?

Forest Ecology and Management, 15 May 2023

Mariana de Aquino Aragão, Nilton Cesar Fiedler, ... Fernanda Moura Fonseca Lucas

Research article

BSEIFFS: Blockchain-secured edge-intelligent forest fire surveillance

Future Generation Computer Systems, October 2023

Sreemana Datta, Ditipriya Sinha

Book chapter

Chapter 14: Assessment and monitoring of forest fire using vegetation indices and AI/ML techniques over google earth engine

Google Earth Engine and Artificial Intelligence for Earth Observation, 2025

Anubhava Srivastava, Amrit Suman, Susham Biswas

Research article *Open access*

Effects of salvage logging after forest fire on Siberian larch regeneration and ecosystem carbon stocks at the drought limit of the boreal forest in Mongolia

Trees, Forests and People, December 2024

Choimaa Dulamsuren, Avirmed Buyanbaatar, ... Daramragchaa Tuya

View PDF

Research article

A reinforcement learning based routing protocol for software-defined networking enabled wireless sensor network forest fire detection

Future Generation Computer Systems, December 2023

Noureddine Moussa, Edmond Nurellari, ... Abdelbaki El Belrhiti El Alaoui

Research article *Open access*

Coupling Diagnostic and Prognostic Models to a Dynamic Data Driven Forest Fire Spread Prediction System

Procedia Computer Science, 2013

Carlos Brun, Tomàs Margalef, Ana Cortés

View PDF

Research article *Open access*

A forest fire rescue strategy based on variable extinguishing rate

Alexandria Engineering Journal, February 2021

Song Wang, Yanzhu Hu

View PDF

Research article *Open access*

Application of multi-criteria decision making models to forest fire management

International Journal of Geoheritage and Parks, March 2022

Roya Abedi

View PDF

Research article

Artificial neural networks for assessing forest fire susceptibility in Türkiye

Ecological Informatics, July 2023

Omer Kantarcioglu, Sultan Kocaman, Konrad Schindler

Research article *Open access*

Relieving the Effects of Uncertainty in Forest Fire Spread Prediction by Hybrid MPI-OpenMP Parallel Strategies

Procedia Computer Science, 2013

Tomàs Artés, Andrés Cencerrado, ... Tomàs Margalef

View PDF

Research article *Open access*

Recurrent forest fires, emission of atmospheric pollutants (GHGs) and degradation of tropical dry deciduous forest ecosystem services

Total Environment Research Themes, September 2023

Soumik Saha, Biswajit Bera, ... Partha Pratim Adhikary

View PDF

Research article

Assessing the impact of ecological security and forest fire susceptibility on carbon stocks in Bo Trach district, Quang Binh province, Vietnam

Ecological Informatics, May 2023

The Van Pham, Tuyet Anh Thi Do, ... Anh Ngoc Thi Do

Research article

Prediction of forest fire susceptibility applying machine and deep learning algorithms for conservation priorities of forest resources

Remote Sensing Applications: Society and Environment, January 2023

Soumik Saha, Biswajit Bera, ... Nairita Sengupta

Research article

Modelling effects of forest fire and post-fire management in a catchment prone to erosion: Impacts on sediment yield

CATENA, May 2022

Anna Maria De Girolamo, Olivier Cerdan, ... Antonio Lo Porto

Research article *Open access*

Area Estimation of Forest Fires using TabNet with Transformers

Procedia Computer Science, 2023

I. de Zarzà, J. de Curtò, Carlos T. Calafate

View PDF

Research article *Open access*

Using Image Processing Technology and General Fluid Mechanics Principles to Model Smoke Diffusion in Forest Fires

Fluid Dynamics and Materials Processing, 4 September 2021

Liying Zhu, Ang Wang, Fang Jin

Research article

Do environmental disasters affect human capital? The threat of forest fires

Economics of Education Review, December 2023

Jayash Paudel

Research article *Open access*

Simulation of Forest Fires Smoke Using WRF-Chem Model with FINN Fire Emissions in Sumatera

Procedia Environmental Sciences, 2015

Danang Eko Nuryanto

View PDF

Research article *Open access*

Science in the court: Expert knowledge and forest fires on Indonesia's plantations

Environmental Science & Policy, January 2024

Rini Astuti, Yuti A. Fatimah

View PDF

Research article

Areas of the Terai Arc landscape in Nepal at risk of forest fire identified by fuzzy analytic hierarchy process

Environmental Development, March 2023

Ashok Parajuli, Syed Amir Manzoor, Martin Lukac

Research article *Open access*

Mapping forest fire severity using bi-temporal unmixing of Sentinel-2 data - Towards a quantitative understanding of fire impacts

Science of Remote Sensing, December 2023

Kira Anjana Pfoch, Dirk Pflugmacher, ... Patrick Hostert

View PDF

Research article

Measurements of brown carbon and its optical properties from boreal forest fires in Alaska summer

Atmospheric Environment, 1 May 2024

Kunal Bali, Sujai Banerji, ... Jingqiu Mao

Research article

The simulation of urban-scale evacuation scenarios with application to the Swinley forest fire

Safety Science, February 2018

Anand Veeraswamy, Edwin R. Galea, ... Thomas E. L. Smith

Research article *Open access*

Forest Fire Propagation Prediction Based on Overlapping DDDAS Forecasts

Procedia Computer Science, 2015

Tomás Artès, Adrián Cardil, ... Joaquín Ramírez

View PDF

Research article

Preferred vector machine for forest fire detection

Pattern Recognition, November 2023

Xubing Yang, Zhichun Hua, ... Liyong Fu

Research article *Open access*

Rethinking the focus on forest fires in federal wildland fire management: Landscape patterns and trends of non-forest and forest burned area

Journal of Environmental Management, 1 February 2023

Michele R. Crist

View PDF

Research article

Evolutionary-Statistical System: A parallel method for improving forest fire spread prediction

Journal of Computational Science, January 2015

G. Bianchini, P. Caymes-Scutari, M. Méndez-Garabetti

Research article

Spatial and temporal variation of air pollutant emissions from forest fires in China

Atmospheric Environment, 15 July 2022

Rong Song, Tijian Wang, ... Min Xie

Book chapter

Chapter 13: A scenario-based approach for modeling and monitoring the impacts of climate change on forest fire using MODIS time series images

Advanced Tools for Studying Soil Erosion Processes, 2024

Mohammad Kazemi Garajeh, Khalil Valizadeh Kamran, ... Bakhtiar Feizizadeh

Research article

Effects of forest fire smoke deposition on soil physico-chemical properties and bacterial community

Science of The Total Environment, 20 January 2024

Zhongpan Zhu, Yuanfan Ma, ... Futao Guo

Research article *Open access*

Data resolution effects on a coupled data driven system for forest fire propagation prediction

Procedia Computer Science, 2017

À. Farguell, A. Cortés, ... J. Mercader

View PDF

Research article

Impact of forest fire on the mercury stable isotope composition in litter and soil in the Amazon

Amazon

Chemosphere, October 2023

Larissa Richter, David Amouroux, ... Anne Hélène Fostier

Research article

## Trends and patterns of polycyclic aromatic hydrocarbons (PAHs) in forest fire-affected soils and water mediums with implications on human health risk assessment

Science of The Total Environment, 20 December 2023

Jakki Narasimha Rao, Tanushree Parsai

Review article

## Perspective: Scientific gaps on forest fires in Brazilian protected areas

Forest Ecology and Management, 1 February 2023

Fernanda Moura Fonseca Lucas, Emmanoella Costa Guaraná Araujo, ... Alexandre França Tetto

Research article

## A high-precision forest fire smoke detection approach based on ARGNet

Computers and Electronics in Agriculture, May 2022

Jialei Zhan, Yaowen Hu, ... Liujun Li

Research article

## Ensemble framework by using nature inspired algorithms for the early-stage forest fire rescue — A case study of dynamic optimization problems

Engineering Applications of Artificial Intelligence, April 2020

HongGuang Zhang, ZiHan Liang, ... YuanAn Liu

Research article *Open access*

## Examining the status of forest fire emission in 2020 and its connection to COVID-19 incidents in West Coast regions of the United States

Environmental Research, July 2022

Srikanta Sannigrahi, Francesco Pilla, ... Artemi Cerda

View PDF

Research article *Open access*

## Relieving Uncertainty in Forest Fire Spread Prediction by Exploiting Multicore Architectures

Procedia Computer Science, 2015

Andrés Cencerrado, Tomàs Artés, ... Tomàs Margalef

View PDF

Research article

Efficient forest fire occurrence prediction for developing countries using two weather parameters

Engineering Applications of Artificial Intelligence, August 2011

George E. Sakr, Imad H. Elhajj, George Mitri

Research article

Development of an emission estimation method with satellite observations for significant forest fires and comparison with global fire emission inventories: Application to catastrophic fires of summer 2021 over the Eastern Mediterranean

Atmospheric Environment, 1 September 2023

Efem Bilgiç, Gizem Tuna Tuygun, Orhan Gündüz

Research article

Optimization of the distance-constrained multi-based multi-UAV routing problem with simulated annealing and local search-based matheuristic to detect forest fires: The case of Turkey

Applied Soft Computing, December 2021

Omer Ozkan

Research article

Forest fire occurrence, distribution and risk mapping using geoinformation technology: A case study in the sub-tropical forest of the Meghalaya, India

Remote Sensing Applications: Society and Environment, January 2023

Tapan Dhar, Basudeb Bhatta, S. Aravindan

Research article *Open access*

Wind Field Uncertainty in Forest Fire Propagation Prediction

Procedia Computer Science, 2014

Gemma Sanjuan, Carlos Brun, ... Ana Cortés

View PDF

Book chapter

Chapter 15: Forest fire susceptibility mapping and risk assessment using integrated AHP and DEMATEL method for Purulia District, West Bengal (India)

Water, Land, and Forest Susceptibility and Sustainability, 2023

Sanu Dolui

Research article

Ecological impacts of forest fire on composition and structure of tropical deciduous forests of central India

Physics and Chemistry of the Earth, Parts A/B/C, December 2022

Gajendra Kumar, Amit Kumar, ... M. L. Khan

Research article

Catastrophic PM2.5 emissions from Siberian forest fires: Impacting factors analysis

Environmental Pollution, 1 August 2022

Aleksey A. Romanov, Anastasia N. Tamarovskaya, ... Elijah E. Krikunov

Research article

Modeling susceptibility to forest fires in the Central Corridor of the Atlantic Forest using the frequency ratio method

Journal of Environmental Management, 15 October 2021

Romário O. de Santana, Rafael C. Delgado, Alexandre Schiavetti

Research article *Open access*

A comparative study of evolutionary statistical methods for uncertainty reduction in forest fire propagation prediction

Procedia Computer Science, 2017

María Laura Tardivo, Paola Caymes-Scutari, ... Ana Cortés

View PDF

Review article

Forest fire fuel through the lens of remote sensing: Review of approaches, challenges and future directions in the remote sensing of biotic determinants of fire behaviour

Remote Sensing of Environment, 15 March 2021

Matthew G. Gale, Geoffrey J. Cary, ... Marta Yebra

Research article

Investigation of Antalya forest fire's impact on air quality by satellite images using Google earth engine

Remote Sensing Applications: Society and Environment, January 2023

Duygu Arikan, Ferruh Yildiz

Research article *Open access*

Genetic Algorithm Characterization for the Quality Assessment of Forest Fire Spread

Prediction

Procedia Computer Science, 2012

Andrés Cencerrado, Ana Cortés, Tomàs Margalef

View PDF

Research article *Open access*

Coupling Wind Dynamics into a DDDAS Forest Fire Propagation Prediction System

Procedia Computer Science, 2012

Carlos Brun, Tom'as Artées, ... Ana Cortées

View PDF

Research article

An integrated assessment of carbon emissions from forest fires beyond impacts on aboveground biomass. A showcase using airborne lidar and GEDI data over a megafire in Spain

Journal of Environmental Management, 1 November 2023

Adrián Pascual, Juan Guerra-Hernández
