Research article *Open access*

Experimental study on fire extinguishing efficiency of polymer hydrogel fire extinguishing agent in pine-fir mixed coniferous forest fires

Case Studies in Thermal Engineering, December 2024

Zhangyin Dai, Congbao Huang, ... Wenwu He

View PDF

Research article

Preferences for a payment for ecosystem services program to control forest fires in Burkina Faso: A choice experiment

Forest Policy and Economics, June 2023

Achille Augustin Diendéré, Dominique Kaboré

Research article *Open access*

Atmospheric dryness removes barriers to the development of large forest fires

Agricultural and Forest Meteorology, 1 May 2024

Jane G. Cawson, Luke Collins, ... Trent D. Penman

View PDF

Research article *Open access*

Assessing the restoration and the dispersal of reindeer lichen after forest fire in northern Sweden: Results after eleven growing seasons

Ecological Engineering, December 2024

Samuel Roturier, Joel Jensen, ... Dan Bergström

View PDF

Research article *Open access*

Estimation and trend analysis of carbon emissions from forest fires in mainland China from 2011 to 2021

Ecological Informatics, July 2024

Donglin Fan, Menghui Wang, ... Bolin Fu

View PDF

Research article *Open access*

Sustainable collaboration: Federated learning for environmentally conscious forest fire classification in Green Internet of Things (IoT)

Internet of Things, April 2024

Ali Akbar Siddique, Nada Alasbali, ... Jawad Ahmad

View PDF

Research article *Open access*

Reconstructing historical forest fire risk in the non-satellite era using the improved forest fire danger index and long short-term memory deep learning-a case study in Sichuan Province, southwestern China

Forest Ecosystems, 2024

Yuwen Peng, Huiyi Su, ... Mingshi Li

View PDF

Research article *Open access*

Forest fire estimation and risk prediction using multispectral satellite images: Case study

Natural Hazards Research, June 2024

Nazimur Rahman Talukdar, Firoz Ahmad, ... Javed Rizvi

View PDF

Research article *Open access*

Simulation of forest fire spread based on artificial intelligence

Ecological Indicators, March 2022

Zechuan Wu, Bin Wang, ... Jianyang Liu

View PDF

Data article *Open access*

UAVs-FFDB: A high-resolution dataset for advancing forest fire detection and monitoring using unmanned aerial vehicles (UAVs)

Data in Brief, August 2024

Md. Najmul Mowla, Davood Asadi, ... Khaled Rabie

View PDF

Research article

Determinants of local community participation in forest fire management in the northern Iran

International Journal of Disaster Risk Reduction, 1 June 2024

Mohamad Hassan Ansari, Masoud Bijani, ... Imaneh Goli

Research article *Open access*

Integrating geospatial, remote sensing, and machine learning for climate-induced forest fire susceptibility mapping in Similipal Tiger Reserve, India

Forest Ecology and Management, 1 March 2024

Chiranjit Singha, Kishore Chandra Swain, ... Sanjay Kumar Swain

View PDF

Research article *Open access*

Estimating annual GHG and particulate matter emissions from rural and forest fires based on an integrated modelling approach

Science of The Total Environment, 10 January 2024

Carla Scarpa, Valentina Bacciu, ... Donatella Spano

View PDF

Research article *Open access*

Human activities and forest fires in Indonesia: An analysis of the Bromo incident and implications for conservation tourism

Trees, Forests and People, March 2024

Sapta Suhardono, Laili Fitria, ... Wisnu Prayogo

View PDF

Research article *Open access*

Classifying forest cover and mapping forest fire susceptibility in Dak Nong province, Vietnam utilizing remote sensing and machine learning

Ecological Informatics, March 2024

Van The Pham, Tuyet Anh Thi Do, ... Anh Ngoc Thi Do

View PDF

Research article

Evaluation of forest fire risk based on multicriteria decision analysis techniques for Changzhou, China

International Journal of Disaster Risk Reduction, November 2023

Weiyi Ju, Zhixiang Xing, ... Qingchun Kang

Research article

A regret theory-based multi-granularity three-way decision model with incomplete T-spherical fuzzy information and its application in forest fire management

Applied Soft Computing, September 2023

Chao Zhang, Jingjing Zhang, ... Deyu Li

Review article

Forest fire fuel through the lens of remote sensing: Review of approaches, challenges and future directions in the remote sensing of biotic determinants of fire behaviour

Remote Sensing of Environment, 15 March 2021

Matthew G. Gale, Geoffrey J. Cary, ... Marta Yebra

Research article *Open access*

Crowdfunding or crowdsourcing time: Exploring the willingness of private citizens to help prevent forest fires

Forest Policy and Economics, June 2024

Marieta Valente, Maria Eduarda Fernandes, Lígia Maria Costa Pinto

View PDF

Book chapter

Chapter 14: Assessment and monitoring of forest fire using vegetation indices and AI/ML techniques over google earth engine

Google Earth Engine and Artificial Intelligence for Earth Observation, 2025

Anubhava Srivastava, Amrit Suman, Susham Biswas

Research article

A trust management framework using forest fire model to propagate emergency messages in the Internet of Vehicles (IoV)

Vehicular Communications, January 2022

A. K. Fabi, Sabu M. Thampi

Research article

A reinforcement learning based routing protocol for software-defined networking enabled wireless sensor network forest fire detection

Future Generation Computer Systems, December 2023

Noureddine Moussa, Edmond Nurellari, ... Abdelbaki El Belrhiti El Alaoui

Research article *Open access*

Forest fire risk mapping with Landsat 8 OLI images: Evaluation of the potential use of vegetation indices

Ecological Informatics, March 2024

Fatih Sivrikaya, Alkan Günlü, ... Okan Ürker

View PDF

Research article

Measurements of brown carbon and its optical properties from boreal forest fires in Alaska summer

Atmospheric Environment, 1 May 2024

Kunal Bali, Sujai Banerji, ... Jingqiu Mao

Research article

Semantic sensor network ontology based decision support system for forest fire management

Ecological Informatics, December 2022

Ritesh Chandra, Sonali Agarwal, Navjot Singh

Research article

Predicting the potential impact of forest fires on runoff and sediment loads using a distributed hydrological modeling approach

Ecological Modelling, June 2022

Rouhollah Nasirzadehdizaji, Dilek Eren Akyuz

Research article

Impact of peri-urban forest fires on air quality and aerosol optical and chemical properties: The case of the August 2021 wildfires in Athens, Greece

Science of The Total Environment, 10 January 2024

D. G. Kaskaoutis, K. Petrinoli, ... N. Mihalopoulos

Research article

Modelling effects of forest fire and post-fire management in a catchment prone to erosion: Impacts on sediment yield

CATENA, May 2022

Anna Maria De Girolamo, Olivier Cerdan, ... Antonio Lo Porto

Book chapter

Chapter 10: iDroneChain: Intelligent EdgeDrone and blockchain-based secured data delivery for forest fire surveillance

The Role of Blockchain in Disaster Management, 2025

Sreemana Datta, Ditipriya Sinha, ... Mohammad S. Obaidat

Research article

Plant colonisation, soil nutrient patterns and microclimate after a large forest fire in temperate Central Europe

Forest Ecology and Management, 1 June 2025

Vojtěch Lanta, Martin Adámek, ... Alena Sucháčková Bartoňová

Research article *Open access*

Recurrent forest fires, emission of atmospheric pollutants (GHGs) and degradation of tropical dry deciduous forest ecosystem services

Total Environment Research Themes, September 2023

Soumik Saha, Biswajit Bera, ... Partha Pratim Adhikary

View PDF

Research article *Open access*

Modelling decisions concerning the dispatch of airtankers for initial attack on forest fires in Ontario, Canada

Canadian Journal of Forest Research, 20 December 2022

Melanie Wheatley, B. Mike Wotton, ... Joshua M. Johnston

Research article *Open access*

The influence of regional wind patterns on air quality during forest fires near Sydney, Australia

Science of The Total Environment, 20 December 2023

Michael A. Storey, Owen F. Price, Paul Fox-Hughes

View PDF

Research article

Risk of forest fires occurrence on a transition island Amazon-Cerrado: Where to act?

Forest Ecology and Management, 15 May 2023

Mariana de Aquino Aragão, Nilton Cesar Fiedler, ... Fernanda Moura Fonseca Lucas

Research article *Open access*

Effects of salvage logging after forest fire on Siberian larch regeneration and ecosystem carbon stocks at the drought limit of the boreal forest in Mongolia

Trees, Forests and People, December 2024

Choimaa Dulamsuren, Avirmed Buyanbaatar, ... Daramragchaa Tuya

View PDF

Research article

Assessing the impact of ecological security and forest fire susceptibility on carbon stocks in Bo Trach district, Quang Binh province, Vietnam

Ecological Informatics, May 2023

The Van Pham, Tuyet Anh Thi Do, ... Anh Ngoc Thi Do

Research article

Environmental drivers and spatial prediction of forest fires in the Western Ghats biodiversity hotspot, India: An ensemble machine learning approach

Forest Ecology and Management, 15 July 2023

Kanda Naveen Babu, Rahul Gour, ... Narayanaswamy Parthasarathy

Research article

Do environmental disasters affect human capital? The threat of forest fires

Economics of Education Review, December 2023

Jayash Paudel

Research article

Artificial neural networks for assessing forest fire susceptibility in Türkiye

Ecological Informatics, July 2023

Omer Kantarcioglu, Sultan Kocaman, Konrad Schindler

Research article

Real-time 3D visualization of forest fire spread based on tree morphology and finite state machine

Computers & Graphics, April 2022

Jiawei You, Yongjian Huai, ... Yuanyuan Chen

Research article

EdgeFireSmoke++: A novel lightweight algorithm for real-time forest fire detection and visualization using internet of things-human machine interface

Expert Systems with Applications, 1 July 2023

Jefferson S. Almeida, Senthil Kumar Jagatheesaperumal, ... Victor Hugo C. de Albuquerque

Research article

Comparison of digital aerial photogrammetry, lidar, and Sentinel-2 for evaluating forest fire effects

Forest Ecology and Management, 1 November 2025

Bryce Frank, Jacob L. Strunk, ... Sean C. McKenzie

Research article

BSEIFFS: Blockchain-secured edge-intelligent forest fire surveillance

Future Generation Computer Systems, October 2023

Sreemana Datta, Ditipriya Sinha

Research article

Areas of the Terai Arc landscape in Nepal at risk of forest fire identified by fuzzy analytic hierarchy process

Environmental Development, March 2023

Ashok Parajuli, Syed Amir Manzoor, Martin Lukac

Research article

Effect of climate change on the land rent of radiata pine plantations in Chile: Site productivity and forest fires

Forest Policy and Economics, November 2023

Rodrigo Labbé, Mario Niklitschek, Marco Contreras

Research article

Impact of forest fire on the mercury stable isotope composition in litter and soil in the Amazon

Chemosphere, October 2023

Larissa Richter, David Amouroux, ... Anne Hélène Fostier

Book chapter

Chapter 13: A scenario-based approach for modeling and monitoring the impacts of climate change on forest fire using MODIS time series images

Advanced Tools for Studying Soil Erosion Processes, 2024

Mohammad Kazemi Garajeh, Khalil Valizadeh Kamran, ... Bakhtiar Feizizadeh

Review article

Perspective: Scientific gaps on forest fires in Brazilian protected areas

Forest Ecology and Management, 1 February 2023

Fernanda Moura Fonseca Lucas, Emmanoella Costa Guaraná Araujo, ... Alexandre França Tetto

Research article

Fine and ultrafine particle emission factors and new diagnostic ratios of PAHs for peat swamp forest fires

Environmental Pollution, 15 October 2023

Nobchonnee Nim, John Morris, ... Racha Dejchanchaiwong

Research article *Open access*

Mapping forest fire severity using bi-temporal unmixing of Sentinel-2 data - Towards a quantitative understanding of fire impacts

Science of Remote Sensing, December 2023

Kira Anjana Pfoch, Dirk Pflugmacher, ... Patrick Hostert

View PDF

Research article

Preferred vector machine for forest fire detection

Pattern Recognition, November 2023

Xubing Yang, Zhichun Hua, ... Liyong Fu

Research article *Open access*

Using Image Processing Technology and General Fluid Mechanics Principles to Model Smoke Diffusion in Forest Fires

Fluid Dynamics and Materials Processing, 4 September 2021

Liying Zhu, Ang Wang, Fang Jin

Correspondence

Commentary on “Cloud-based urgent computing for forest fire spread prediction” by Fraga et al.

Environmental Modelling & Software, August 2024

Robertas Damaševičius

Research article *Open access*

Science in the court: Expert knowledge and forest fires on Indonesia’s plantations

Environmental Science & Policy, January 2024

Rini Astuti, Yuti A. Fatimah

View PDF

Research article

Spatial and temporal variation of air pollutant emissions from forest fires in China

Atmospheric Environment, 15 July 2022

Rong Song, Tijian Wang, ... Min Xie

Research article

The simulation of urban-scale evacuation scenarios with application to the Swinley forest fire

Safety Science, February 2018

Anand Veeraswamy, Edwin R. Galea, ... Thomas E. L. Smith

Research article

Modeling susceptibility to forest fires in the Central Corridor of the Atlantic Forest using the frequency ratio method

Journal of Environmental Management, 15 October 2021

Romário O. de Santana, Rafael C. Delgado, Alexandre Schiavetti

Research article

Ecological impacts of forest fire on composition and structure of tropical deciduous forests of central India

Physics and Chemistry of the Earth, Parts A/B/C, December 2022

Gajendra Kumar, Amit Kumar, ... M. L. Khan

Research article

A mobility constraint model to infer sensor behaviour in forest fire risk monitoring

Computers, Environment and Urban Systems, January 2012

Daniela Ballari, Monica Wachowicz, ... Miguel Manso-Callejo

Research article

Forest fire occurrence, distribution and risk mapping using geoinformation technology: A case study in the sub-tropical forest of the Meghalaya, India

Remote Sensing Applications: Society and Environment, January 2023

Tapan Dhar, Basudeb Bhatta, S. Aravindan

Research article

The extreme forest fires in California/Oregon in 2020: Aerosol optical and physical properties and comparisons of aged versus fresh smoke

Atmospheric Environment, 15 July 2023

Thomas F. Eck, Brent N. Holben, ... Arsenio R. Menendez

Review article *Open access*

Influences of forest fires on the permafrost environment: A review

Advances in Climate Change Research, February 2021

Xiao-Ying Li, Hui-Jun Jin, ... Ning Jia

View PDF

Research article

Trace gas emissions from laboratory combustion of leaves typically consumed in forest fires in Southwest China

Science of The Total Environment, 10 November 2022

Yuping Sun, Qixing Zhang, ... Yongming Zhang

Research article *Open access*

Optimizing Forest Fire Prevention: Intelligent Scheduling Algorithms for Drone-Based Surveillance System

Procedia Computer Science, 2023

Mahdi Jemmali, B. Melhim Loai Kayed, ... Mafawez T. Alharbi

View PDF

Research article

Catastrophic PM2.5 emissions from Siberian forest fires: Impacting factors analysis

Environmental Pollution, 1 August 2022

Aleksey A. Romanov, Anastasia N. Tamarovskaya, ... Elijah E. Krikunov

Research article

A spatio-temporal multi-scale model for Geyer saturation point process: Application to forest fire occurrences

Spatial Statistics, March 2021

Morteza Raeisi, Florent Bonneu, Edith Gabriel

Research article

Automatic forest fire danger rating calibration: Exploring clustering techniques for regionally customizable fire danger classification

Expert Systems with Applications, 1 May 2022

Jorge S. S. Júnior, João Ruivo Paulo, ... Carlos Viegas

Research article *Open access*

Modelling forest fire and firebreak scenarios in a mediterranean mountainous catchment: Impacts on sediment loads

Journal of Environmental Management, 1 July 2021

Grangeon Thomas, Vandromme Rosalie, ... Lo Porto Antonio

View PDF

Research article *Open access*

An Energy-Efficient Wireless Power Transmission-Based Forest Fire Detection System

Computers, Materials and Continua, 21 February 2022

Arwa A. Mashat, Niayesh Gharaei, Aliaa M. Alabdali

Research article

Forest fire spread simulating model using cellular automaton with extreme learning machine

Ecological Modelling, 24 March 2017

Zhong Zheng, Wei Huang, ... Yongnian Zeng

Research article *Open access*

Rethinking the focus on forest fires in federal wildland fire management: Landscape patterns and trends of non-forest and forest burned area

Journal of Environmental Management, 1 February 2023

Michele R. Crist

View PDF

Research article

2021 Turkey mega forest Fires: Biodiversity measurements of the IUCN Red List wildlife mammals in Sentinel-2 based burned areas

Advances in Space Research, 1 April 2023

Fulya Aydin-Kandemir, Nusret Demir

Research article

Efficient forest fire occurrence prediction for developing countries using two weather parameters

Engineering Applications of Artificial Intelligence, August 2011

George E. Sakr, Imad H. Elhajj, George Mitri

Research article

An integrated assessment of carbon emissions from forest fires beyond impacts on aboveground biomass. A showcase using airborne lidar and GEDI data over a megafire in Spain

Journal of Environmental Management, 1 November 2023

Adrián Pascual, Juan Guerra-Hernández

Research article *Open access*

Long-term effects of forest fires on fungal community and soil properties along a

hemiboreal Scots pine forest fire chronosequence

Science of The Total Environment, 10 December 2022

Argo Orumaa, Ahto Agan, ... Marek Metslaid

View PDF

Research article

Assessment of forest fire impacts on carbonaceous aerosols using complementary molecular marker receptor models at two urban locations in California's San Joaquin Valley

Environmental Pollution, March 2019

Min-Suk Bae, Matthew J. Skiles, ... James J. Schauer

Research article *Open access*

Parallel SVM model for forest fire prediction

Soft Computing Letters, December 2021

Kajol R Singh, K. P. Neethu, ... Pushpa Mohan

View PDF

Research article

Mid to late Holocene climate variability, forest fires and floods entwined with human occupation in the upper Ganga catchment, India

Quaternary Science Reviews, 1 October 2022

Shubhra Sharma, S. P. Sati, ... Navin Juyal

Book chapter

Chapter 15: Forest fire susceptibility mapping and risk assessment using integrated AHP and DEMATEL method for Purulia District, West Bengal (India)

Water, Land, and Forest Susceptibility and Sustainability, 2023

Sanu Dolui

Research article *Open access*

Coupling Wind Dynamics into a DDDAS Forest Fire Propagation Prediction System

Procedia Computer Science, 2012

Carlos Brun, Tom'as Artées, ... Ana Cortées

View PDF

Research article *Open access*

Forest Fire Propagation Prediction Based on Overlapping DDDAS Forecasts

Procedia Computer Science, 2015

Procedia Computer Science, 2015

Tomás Artès, Adrián Cardil, ... Joaquín Ramírez

View PDF

Research article

Forest fire induced Natech risk assessment: A survey of geospatial technologies

Reliability Engineering & System Safety, November 2019

Mohsen Naderpour, Hossein Mojaddadi Rizeei, ... Biswajeet Pradhan

Research article

Behind the flaming zone: Predicting woody fuel consumption in eucalypt forest fires in southern Australia

Forest Ecology and Management, 1 June 2011

J. J. Hollis, S. Matthews, ... N. D. Burrows

Research article

Post-fire temporal trends in soil-physical and -hydraulic properties and simulated runoff generation: Insights from different burn severities in the 2013 Black Forest Fire, CO, USA

Science of The Total Environment, 1 January 2022

Brian A. Ebel, John A. Moody, Deborah A. Martin

Research article

Numerical simulation of surface forest fire in Brazilian Amazon

Fire Safety Journal, January 2016

Paulo Bufacchi, Guenther C. Krieger, ... João Andrade Carvalho

Research article *Open access*

A High Performance Computing Framework for Continental-Scale Forest Fire Spread Prediction

Procedia Computer Science, 2017

C. Brun, T. Artes, ... A. Cortés

View PDF

Research article *Open access*

Coupling Diagnostic and Prognostic Models to a Dynamic Data Driven Forest Fire Spread Prediction System

Procedia Computer Science, 2013

Carlos Brun, Tomàs Margalef, Ana Cortés

View PDF

Research article

Predicting forest fire risk based on mining rules with ant-miner algorithm in cloud-rich areas

Ecological Indicators, November 2020

Zhong Zheng, Yanghua Gao, ... Zengwu Wang

Research article *Open access*

Application of remote sensing and machine learning algorithms for forest fire mapping in a Mediterranean area

Ecological Indicators, October 2021

Meriame Mohajane, Romulus Costache, ... Fatiha Oudija

View PDF

Research article *Open access*

A forest fire rescue strategy based on variable extinguishing rate

Alexandria Engineering Journal, February 2021

Song Wang, Yanzhu Hu

View PDF

Research article

Application of learning vector quantization and different machine learning techniques to assessing forest fire influence factors and spatial modelling

Environmental Research, May 2020

Hamid Reza Pourghasemi, Amiya Gayen, ... John P. Tiefenbacher

Research article

Improving reporting of national greenhouse gas emissions from forest fires for emission reduction benefits: An example from Australia

Environmental Science & Policy, April 2019

Liubov Volkova, Stephen H. Roxburgh, ... Christopher J. Weston

Differences in the intensity of past forest fire events inferred from stable oxygen isotope analysis of charred bark

Canadian Journal of Forest Research, 8 July 2024

Tegan McWhirter, Elizabeth A. Webb, Jeffery P. Dech

Book chapter

Chapter 6: Spatial Association Between Forest Fires Incidence and Socioeconomic

Vulnerability in Portugal, at Municipal Level

Integrating Disaster Science and Management, 2018

A. N. Nunes, L. Lourenço

Research article

Vulnerability of larch forests to forest fires along a latitudinal gradient in eastern Siberia

Canadian Journal of Forest Research, 6 October 2022

A. V. Ivanov, M. Neumann, ... S. Bryanin

Research article *Open access*

Preliminary Analysis of Slope and Fuel Bed Effect on Jump Behavior in Forest Fires

Procedia Engineering, 2013

Domingos Viegas, Jorge Raposo, António Figueiredo

View PDF

Research article *Open access*

Examining the effects of forest fire on terrestrial carbon emission and ecosystem production in India using remote sensing approaches

Science of The Total Environment, 10 July 2020

Srikanta Sannigrahi, Francesco Pilla, ... P. S. Roy

View PDF

Research article

Investigation of general indicators influencing on forest fire and its susceptibility modeling using different data mining techniques

Ecological Indicators, May 2016

Zohre Sadat Pourtaghi, Hamid Reza Pourghasemi, ... Teodoro Semeraro

Research article

Ensemble framework by using nature inspired algorithms for the early-stage forest fire rescue — A case study of dynamic optimization problems

Engineering Applications of Artificial Intelligence, April 2020

HongGuang Zhang, ZiHan Liang, ... YuanAn Liu

Research article *Open access*

Garden structure is critical for building survival in northern forest fires – An analysis using large Swedish wildfires

Safety Science, January 2023

Frida Vermina Plathner, Johan Sjöström, Anders Granström
