Research article *Open access*

Conceptual design of a wildfire emergency response system empowered by swarms of unmanned aerial vehicles

International Journal of Disaster Risk Reduction, 15 June 2025

Mohammad Tavakol Sadrabadi, Joaquim Peiró, ... Guillermo Rein

View PDF

Research article

Protective behaviors against wildfire smoke in the western United States: An extended protection motivation theory perspective

International Journal of Disaster Risk Reduction, 1 October 2023

Ran Duan, Christian Bombara

Research article

Evolution and change in wildfire mitigation approaches: Social fragmentation and recreational development in rural contexts

International Journal of Disaster Risk Reduction, 15 October 2025

Travis B. Paveglio, A. Rose Shriner-Beaton

Research article *Open access*

Tracking wildfire risk to California railroads: integrating environmental data and railway operations

Transportation Research Interdisciplinary Perspectives, July 2025

Karl Kim, Daniele Spirandelli, ... Michelle Toner

View PDF

Research article

Risk perceptions and mitigation behaviors of residents following a near-miss wildfire

Landscape and Urban Planning, March 2021

Lauren Nicole Dupey Larsen, Peter D. Howe, ... Jordan W. Smith

Research article

Before moments become memories: Virtual reconnaissance of the 2025 Southern California wildfires

International Journal of Disaster Risk Reduction, 15 October 2025

Musabber Ali Chisty

Research article

Exploring the impact of resident proximity to wildfires in the northern Rocky Mountains: Perceptions of climate change risks, drought, and policy

International Journal of Disaster Risk Reduction, April 2020

Christopher A. Craig, Myria W. Allen, ... Matthew L. Spialek

Discussion

Cascading processes in a changing environment: Disturbances on fluvial ecosystems in Chile and implications for hazard and risk management

Science of The Total Environment, 10 March 2019

B. Mazzorana, L. Picco, ... D. Melnick

Research article

Network theory applied to preparedness problems in wildfire management

Safety Science, August 2022

Marc Demange, Alessia Di Fonso, ... Pierpaolo Vittorini

Research article

Exposure to wildfires and health outcomes of vulnerable people: Evidence from US data

Economics & Human Biology, December 2023

Jiyuan Zheng

Research article *Open access*

Are the data good enough? Spatial and temporal modeling of evacuee behavior using GPS data in a small rural community

International Journal of Disaster Risk Reduction, January 2025

Bahareh Raei, Max Kinateder, ... Xin Wang

View PDF

Research article *Open access*

Actionable social science can guide community level wildfire solutions. An illustration from North Central Washington, US

International Journal of Disaster Risk Reduction, November 2022

Patricia A. Champ, Hannah Brenkert-Smith, ... Carolyn J. Wagner

View PDF

Research article

Governing across jurisdictions in post-wildfire response and recovery: An analysis of the 2022 Hermit's Peak Calf Canyon Wildfire

Journal of Environmental Management, May 2025

William C. Buettner, Courtney A. Schultz

Research article *Open access*

Wildfire danger under changing climates in the southern Great Plains throughout the 21st century

Ecological Indicators, January 2025

Shanmin Fang, Jia Yang, ... Quan Zhang

View PDF

Discussion

Rethinking wildfire management policy: Suggestions from firefighters who experienced the 2017 extreme wildfires in Portugal

Forest Policy and Economics, April 2025

Vittorio Leone, Mario Elia, ... Fantina Tedim

Research article

The effectiveness of wildfire at meeting restoration goals across a fire severity gradient in the Sierra Nevada

Forest Ecology and Management, 15 March 2025

Forest Ecology and Management, 15 March 2025

Adrian J. Das, Lisa M. Rosenthal, Kristen L. Shive

Research article

Role of oxygen-containing functional groups in forest fire-generated and pyrolytic chars for immobilization of copper and nickel

Environmental Pollution, January 2017

Maryam Esfandbod, Christopher R. Merritt, ... Chengrong Chen

Research article *Open access*

Awareness analysis via Weibo social media data of major fire disasters

Journal of Safety Science and Resilience, Available online 16 July 2025

Xiaoyu Sun, Yifei Ding, ... Xinyan Huang

View PDF

Research article *Open access*

Stream and soil nitrogen response to overlapping forest disturbance: The impact of harvesting, wildfire, and post-fire management on a western Oregon, USA watershed

Forest Ecology and Management, 15 September 2025

Katherine E. McCredie, Kevin D. Bladon, Thomas H. DeLuca

View PDF

Research article

Determinants of residential wildfire mitigation uptake: A scoping review, 2013–2022

Fire Safety Journal, October 2023

Sarah Cowan, Eric B. Kennedy

Research article

Tree community dynamics in the cerradão (2002-2016): A case of biome shift

Forest Ecology and Management, 1 March 2024

Francisco Ferreira de Miranda Santos, Giselda Durigan, ... Ricardo Ribeiro Rodrigues

Research article *Open access*

Compound risk of wildfire and inaccessible shelters is disproportionately impacting disadvantaged communities

Progress in Disaster Science, October 2024

Alireza Ermagun, Fatemeh Janatabadi

View PDF

Research article *Open access*

Taming the wildfire infosphere in Interior Alaska: Tailoring risk and crisis communications to specific audiences

International Journal of Disaster Risk Reduction, 1 June 2023

Zoe Garbis, Audrey Cox, Robert W. Orttung

View PDF

Research article

Power line failures and catastrophic wildfires under extreme weather conditions

Engineering Failure Analysis, 15 December 2013

Joseph W. Mitchell

Review article *Open access*

Intelligent fire modeling in wildland-urban interface: A comprehensive review of current progress, challenges, and future perspectives

Journal of Safety Science and Resilience, Available online 6 September 2025

Ao Zheng, Rui Ba, ... Xinyi Han

View PDF

Research article

Evaluating driving behavior patterns during wildfire evacuations in wildland-urban interface zones using connected vehicles data

Fire Safety Journal, January 2024

Salman Ahmad, Hafiz Usman Ahmed, ... Pan Lu

Research article *Open access*

Spain on fire: A novel wildfire risk assessment model based on image satellite processing and atmospheric information

Knowledge-Based Systems, 11 January 2024

Helena Liz-López, Javier Huertas-Tato, ... David Camacho

View PDF

Research article

Reliability of satellite-based vegetation maps for planning wildfire-fuel treatments in shrub steppe: Inferences from two contrasting national parks

Journal of Environmental Management, July 2025

Samuel “Jake” Price, Chad R. Kluender, ... Thomas Rodhouse

Review article *Open access*

Resolving conservation conflict through fire refugia: Integrating landscape resilience into

Resolving conservation conflict through fire refugia: Integrating landscape resilience into forest management

Journal of Environmental Management, October 2025

Damon B. Lesmeister, Raymond J. Davis, Jeremy T. Rockweit

View PDF

Research article

Analyzing public response to wildfires: A socio-spatial study using SIR models and NLP techniques

Computers, Environment and Urban Systems, October 2025

Zihui Ma, Guangxiao Hu, ... Gregory B. Baecher

Research article

Wildfires and tourist behaviors in Florida

Tourism Management, June 2013

Brijesh Thapa, Ignatius Cahyanto, ... James D. Absher

Research article *Open access*

Rethinking cost-share programs in consideration of economic equity: A case study of wildfire risk mitigation assistance for private landowners

Ecological Economics, February 2024

James R. Meldrum, Patricia A. Champ, ... Colleen Donovan

View PDF

Research article *Open access*

Modeling smoke-driven evacuation routes during wildfires: Architecture and implementation of the s-ERP system

Environmental Challenges, December 2025

Panagiotis Oikonomou, Georgios Boulougaris, Kostas Kolomvatsos

View PDF

Research article *Open access*

Fire regime and management in Canada's protected areas

International Journal of Geoheritage and Parks, June 2022

Weiwei Wang, Wanli Wu, ... Guangyu Wang

View PDF

Review article *Open access*

Trends and applications in wildfire burned area mapping: Remote sensing data, cloud

geoprocessing platforms, and emerging algorithms

Geomatica, July 2024

Daniel Martin Nelson, Yuhong He, G. W. K. Moore

View PDF

Research article *Open access*

Early season wildfires pose the highest threat to buildings and people in Sweden

Fire Safety Journal, October 2025

Frida Vermina Plathner, Johan Sjöström, Anders Granström

View PDF

Research article

Vegetation and wildland fire: Implications of global climate change

Environment International, 1991

Kevin C. Ryan

Research article

Respiratory Diseases Associated With Wildfire Exposure in Outdoor Workers

The Journal of Allergy and Clinical Immunology: In Practice, August 2024

Ahmed Weheba, Anne Vertigan, ... Susan M. Tarlo

Research article

Retention of highly qualified wildland firefighters in the Western United States

Forest Policy and Economics, January 2024

Erin J. Belval, Jude Bayham, Shayne Magstadt

Research article *Open access*

Preparing for wildfire evacuation and alternatives: Exploring influences on residents' intended evacuation behaviors and mitigations

International Journal of Disaster Risk Reduction, May 2021

Amanda M. Stasiewicz, Travis B. Paveglio

View PDF

Research article *Open access*

Explaining changes in perceived wildfire risk related to the mountain pine beetle outbreak in north central Colorado

Ecological Indicators, November 2021

Hua Qin, Hannah Brenkert-Smith, ... Martha Bass

View PDF

Research article

A transformer-based neural network for ignition location prediction from the final wildfire perimeter

Environmental Modelling & Software, January 2024

Yuming Qiao, Wenyu Jiang, ... Fei Wang

Research article

Integrating remote sensing and species' traits to assess bird responses to wildfire in agropastoral landscapes

Biological Conservation, August 2025

D. Scridel, D. Stanič, ... G. Bacaro

Research article

Evacuation decision-making and behavior in wildfires: Past research, current challenges and a future research agenda

Fire Safety Journal, March 2021

Erica Kuligowski

Research article *Open access*

Political orientation shapes attitudes to fuel management in the wildfire disaster prone island of Tasmania, Australia

International Journal of Disaster Risk Reduction, 1 June 2025

Ami Seivwright, Stefania Ondei, ... David M. J. S. Bowman

View PDF

Research article

Wildfire mitigation behavior on single family residential properties near Balcones Canyonlands Preserve wildlands in Austin, Texas

Applied Geography, October 2017

Rain Nox, Colleen C. Myles

Research article

Long-term plant community responses to resource objective wildfires in montane coniferous forests of Grand Canyon National Park, USA

Forest Ecology and Management, 1 July 2022

Judith D. Springer, Michael T. Stoddard, ... Mark L. Daniels

Research article

Exploring relationships between perceived suppression capabilities and resident performance of wildfire mitigations

Journal of Environmental Management, 15 August 2022

Amanda M. Stasiewicz, Travis B. Paveglio

Research article *Open access*

Impact of wildfires on sediment quality in estuaries in New South Wales, Australia

Chemosphere, September 2025

Thayanne L. Barros, Mariana Mayer-Pinto, ... Emma L. Johnston

View PDF

Research article

Development of an integrated wildfire danger rating system for pre-fire planning and incident forecasting

International Journal of Disaster Risk Reduction, January 2025

Ioannis Zacharakis, Vassilios A. Tsihrintzis

Open access

Bridging spatiotemporal wildfire prediction and decision modeling using transformer networks and fuzzy inference systems

MethodsX, December 2025

Parul Dubey, Pushkar Dubey

View PDF

Research article

Development of novel optimized deep learning algorithms for wildfire modeling: A case study of Maui, Hawai‘i

Engineering Applications of Artificial Intelligence, October 2023

Fatemeh Rezaie, Mahdi Panahi, ... Christopher M. U. Neale

Research article

Evacuation behavior of affected individuals and households in response to the 2018 Attica wildfires: From empirical data to models

Safety Science, September 2022

Konstantinos Katzilieris, Eleni I. Vlahogianni, Haizhong Wang

Research article *Open access*

Targeted Cattle Grazing to Alter Fuels and Reduce Fire Behavior Metrics in Shrub-

Grasslands

Rangeland Ecology & Management, September 2024

Christopher L. Schachtschneider, Eva K. Strand, ... Scott Jensen

View PDF

Research article *Open access*

Social vulnerability gaps: Dynamics of the unsheltered homeless and wildfire hazards

Applied Geography, July 2025

Zhongqi Zheng, Alan T. Murray, ... Sophia D. Arabadjis

View PDF

Research article

Awareness and adoption of FireSmart Canada: Barriers and incentives

Forest Policy and Economics, October 2020

Mohamed Ergibi, Hayley Hesseln

Research article *Open access*

Wildfire risk information sources and the acceptability of fuels treatments near select WUI communities in the Western United States

Forest Policy and Economics, July 2025

Kelly Wallace, Hannah Brenkert-Smith, ... Suzanne Wittenbrink

View PDF

Case report

Wayfinding during a wildfire evacuation

Disaster Prevention and Management: An International Journal, 28 January 2020

Micah L. Brachman, Richard Church, ... Danielle Bassett

Open access

Multi-temporal assessment of a wildfire chronosequence by remote sensing

MethodsX, December 2024

F. Nájera De Ferrari, E. Duarte, ... F. Matus
