Research article *Open access*

Modeling the spread of forest fires through cellular automata by leveraging deep learning to derive transition rules

Ecological Informatics, September 2025

Zucheng Zhou, Quanli Xu, ... Wenhui Li

View PDF

Research article *Open access*

Forest fire dynamics in Nepal: Regional trends and socio-ecological drivers

Trees, Forests and People, September 2025

Khagendra Prasad Joshi, Susma Giri, ... Binod Pokharel

Research article

Machine Learning-Based Forest Fire Susceptibility Mapping Using Random Forest and CART Models

Rangeland Ecology & Management, September 2025

Riaz Sheriff, Mohammad Suhail Meer, ... Yahia Said

Research article *Open access*

Forest fire susceptibility zonation of Mizoram using GIS: A comparative analysis of bivariate models

Results in Earth Sciences, December 2025

Jonmenjoy Barman, Indrajit Poddar, Abhijit Sarkar

View PDF

Research article

Advanced modeling of forest fire susceptibility and sensitivity analysis using hyperparameter-tuned deep learning techniques in the Rajouri district, Jammu and Kashmir

Advances in Space Research, 15 July 2025

Lucky Sharma, Mohd Rihan, ... Md. Sarfaraz Asgher

Research article

AutoML-Fire: Automated machine-learning approach to predict forest fires

Environmental Modelling & Software, September 2025

Saurabh Toraskar, Adil Khan, ... Kumar Gaurav

Research article

Forest fire susceptibility mapping using multi-criteria decision making and machine learning models in the Western Ghats of India

Journal of Environmental Management, April 2025

A. R. Uthappa, Bappa Das, ... P. V. Vara Prasad

Research article

Effects of forest fire on successional trajectory of understory vegetation in boreal permafrost region in Northeast China

Cold Regions Science and Technology, March 2025

Xiaoying Li, Hongwei Wang, ... Fuqiang Che

Research article *Open access*

Waste crisis and potential implications of forest Fires: Perspective from psychosocial cognition

Global Transitions, 2025

Evi Frimawaty, Randi Mamola

View PDF

Review article *Open access*

Environmental and socioeconomic impacts of forest fires: A call for multilateral cooperation and management interventions

Natural Hazards Research, June 2023

Chandra Prakash Kala

View PDF

Review article *Open access*

Leveraging the power of internet of things and artificial intelligence in forest fire prevention, detection, and restoration: A comprehensive survey

Internet of Things, July 2024

Sofia Giannakidou, Panagiotis Radoglou-Grammatikis, ... Panagiotis Sarigiannidis

View PDF

Research article

Advanced forest fire risk mapping: Combining Sentinel-2 MSI data with hybrid machine learning in Similipal Biosphere Reserve

Forest Ecology and Management, 15 October 2025

Bilel Zerouali, Celso Augusto Guimarães Santos, ... Youssef M. Youssef

Research article

Development and analysis of a forest fire emission inventory in China considering daily variation patterns

Environmental Pollution, 1 October 2025

Rong Li, Jiaxin Liu, ... Liangfu Chen

Research article *Open access*

Impacts of different forest fire management policies and fuel treatment models on forest fire risk in boreal forest of China

Ecological Indicators, December 2024

Tongxin Hu, Zibo Xu, ... Long Sun

View PDF

Review article *Open access*

Forest fire management, funding dynamics, and research in the burning frontier: A comprehensive review

Trees, Forests and People, June 2024

Himanshu Bargali, Aseesh Pandey, ... V. P. Uniyal

View PDF

Research article *Open access*

Forest fire dynamics in India (2005–2022): Unveiling climatic Impacts, spatial Patterns, and interface with anthrax incidence

Ecological Indicators, September 2024

N. Sagar, K. P. Suresh, ... A. J. Chethan

View PDF

Research article

New forest fire assessment model based on artificial neural network and analytic hierarchy process or fuzzy-analytic hierarchy process methodology for fire vulnerability map

Engineering Applications of Artificial Intelligence, December 2024

Meryem Tahri, Sanaa Badr, ... Noura Yousfi

Research article

Climate variability and forest fires: Trends, correlation, spatiotemporal patterns in the Seven Sister States of northeastern India (2001–2022)

Remote Sensing Applications: Society and Environment, April 2025

Manoranjan Mishra, Rajkumar Guria, ... Karma Detsen Ongmu Bhutia

Research article

Dynamics of meteorological and hydrological drought: The impact of groundwater and El Niño events on forest fires in the Amazon

Science of The Total Environment, 1 December 2024

Naomi Toledo, Gabriel Moulatlet, ... Bruno Conicelli

Research article *Open access*

Ensembling machine learning models to identify forest fire-susceptible zones in Northeast India

Ecological Informatics, July 2024

Mriganka Shekhar Sarkar, Bishal Kumar Majhi, ... Sunil Nautiyal

View PDF

Research article *Open access*

Deep learning models for enhanced forest-fire prediction at Mount Kilimanjaro, Tanzania: Integrating satellite images, weather data and human activities data

Natural Hazards Research, June 2025

Cesilia Mambile, Shubi Kaijage, Judith Leo

View PDF

Research article

Understanding the association between global forest fire products and hydrometeorological variables

Science of The Total Environment, 1 October 2024

Toshik Dhanurkar, Venkatesh Budamala, Rajarshi Das Bhowmik

Research article

Prediction of forest fire susceptibility using machine learning tools in the Triunfo do Xingu Environmental Protection Area, Amazon, Brazil

Journal of South American Earth Sciences, 15 February 2025

Kamuel Maciel Freitas, Renie Silva Juvanhol, ... Anderson Alvarenga de Moura Meneses

Kennet Maciel Freitas, Ronie Silva Juvanhol, ... Anderson Alvarenga de Moura Meneses

Research article

Evaluating forest fire severity and vegetative recovery using Sentinel imagery and spectral indices in a cloud-based environment

Advances in Space Research, 15 October 2025

Sercan Gülci, Michael G. Wing

Research article *Open access*

Damselflies and dragonflies in distress: The impact of forest fires and logging on odonate assemblages

Ecological Indicators, April 2025

Daniel F. R. Cleary, Anna M. Bijlmer, ... Nicole J. de Voogd

View PDF

Research article *Open access*

Assessing the impact of forest fires on air quality in Northeast India

Environmental Science: Atmospheres, 20 November 2024

Sonal Kumari, Latha Radhadevi, ... Murthy Bandaru

Research article *Open access*

Polyphenol-based fire-resistant coatings: a bio-inspired solution for forest fire prevention

Green Chemistry, 20 March 2025

Mark John Castillo, Jumi Kang, ... Kyueui Lee

Research article *Open access*

Forest fire vulnerability in Nepal's Chure region: Investigating the influencing factors using generalized linear model

Heliyon, 15 April 2024

Khagendra Prasad Joshi, Gunjan Adhikari, ... Saurav Lamichanne

View PDF

Research article *Open access*

Developing and validating a scale for anxiety over land and forest fire

International Journal of Disaster Risk Reduction, September 2023

Raja Sharah Fatricia, Ahmad Daryanto, Juliana Sutanto

View PDF

Research article *Open access*

Research article *Open access*

Oxygen isotope values of charred tree bark as an indicator of forest fire severity

Trees, Forests and People, June 2025

Elizabeth McDonald, Elizabeth A. Webb, Jeffery P. Dech

View PDF

Research article *Open access*

Fusion-Based Deep Learning Model for Automated Forest Fire Detection

Computers, Materials and Continua, 31 October 2023

Mesfer Al Duhayyim, Majdy M. Eltahir, ... Mohammed Rizwanullah

Research article

Spatial analysis and machine learning prediction of forest fire susceptibility: a comprehensive approach for effective management and mitigation

Science of The Total Environment, 20 May 2024

Manoranjan Mishra, Rajkumar Guria, ... FX Anjar Tri Laksono

Research article

Predicting forest fire probability in Similipal Biosphere Reserve (India) using Sentinel-2 MSI data and machine learning

Remote Sensing Applications: Society and Environment, November 2024

Rajkumar Guria, Manoranjan Mishra, ... Celso Augusto Guimarães Santos

Research article *Open access*

A novel framework for identifying causes of forest fire events using environmental and temporal characteristics of the ignition point in fire footprint

Ecological Indicators, March 2024

Huiyi Su, Xinyu Wang, ... Mingshi Li

View PDF

Research article

Analysis of changes before and after forest fires with LAI, NDVI and ET time series: Focusing on major forest fires in Korea

Ecological Engineering, December 2024

Chulsang Yoo, Ki-Ho Chang, ... Jeong-Hyeok Ma

Research article *Open access*

Exploring forest fire susceptibility and management strategies in Western Himalaya: Integrating ensemble machine learning and explainable AI for accurate prediction and

comprehensive analysis

Environmental Technology & Innovation, August 2024

Hoang Thi Hang, Javed Mallick, ... Hazem Ghassan Abdo

View PDF

Research article

Using ensemble machine learning algorithm to predict forest fire occurrence probability in Madhya Pradesh and Chhattisgarh, India

Advances in Space Research, 15 March 2024

Sumedha Surbhi Singh, C. Jeganathan

Research article

Determinants of local community participation in forest fire management in the northern Iran

International Journal of Disaster Risk Reduction, 1 June 2024

Mohamad Hassan Ansari, Masoud Bijani, ... Imaneh Goli

Research article

Preferences for a payment for ecosystem services program to control forest fires in Burkina Faso: A choice experiment

Forest Policy and Economics, June 2023

Achille Augustin Diendéré, Dominique Kaboré

Research article *Open access*

Climate change increased risk of forest fire, winter storm and technical failure risks related to power transmission lines – a spatial GIS risk assessment at Cologne district, Germany

Progress in Disaster Science, December 2024

Alexander Fekete, Udo Nehren

View PDF

Research article *Open access*

Aerosol radiative forcing of forest fires unprecedented in South Korea (2022) captured by Korean geostationary satellites, GK-2A AMI and GK-2B GEMS

Environmental Pollution, 1 April 2024

Daekyeong Seong, Jongmin Yoon, ... Dae Gyun Lee

View PDF

Research article *Open access*

Research on escape route planning analysis in forest fire scenes based on the improved A* algorithm

Ecological Indicators, September 2024

Yulun Zhu, Gui Zhang, ... Xin Wu

View PDF

Research article

Is early evacuation the best and only strategy to protect and mitigate the effects of forest fires in WUI areas? A qualitative research on the residents' response during the 2021 forest fires in NE Attica, Greece

International Journal of Disaster Risk Reduction, 1 April 2023

Ioannis Zikeloglou, Efthimios Lekkas, ... Maria Stavropoulou

Review article *Open access*

Stakeholder and social network analysis for understanding forest (fires) management – A contribution based on a systematic literature review

Forest Policy and Economics, January 2025

C. Campos Fernandes, S. Valente, ... A. Polido

View PDF

Research article *Open access*

Experimental study on fire extinguishing efficiency of polymer hydrogel fire extinguishing agent in pine-fir mixed coniferous forest fires

Case Studies in Thermal Engineering, December 2024

Zhangyin Dai, Congbao Huang, ... Wenwu He

View PDF

Research article *Open access*

Estimation and trend analysis of carbon emissions from forest fires in mainland China from 2011 to 2021

Ecological Informatics, July 2024

Donglin Fan, Menghui Wang, ... Bolin Fu

View PDF

Research article *Open access*

Crowdfunding or crowdsourcing time: Exploring the willingness of private citizens to help prevent forest fires

Forest Policy and Economics, June 2024

Marieta Valente, Maria Eduarda Fernandes, Lígia Maria Costa Pinto

View PDF

Research article *Open access*

Analysis of forest fire patterns and their relationship with climate variables in Alberta's natural subregions

Ecological Informatics, May 2024

Hatef Dastour, M. Razu Ahmed, Quazi K. Hassan

View PDF

Research article *Open access*

Reconstructing historical forest fire risk in the non-satellite era using the improved forest fire danger index and long short-term memory deep learning-a case study in Sichuan Province, southwestern China

Forest Ecosystems, 2024

Yuwen Peng, Huiyi Su, ... Mingshi Li

View PDF

Research article *Open access*

Assessing the restoration and the dispersal of reindeer lichen after forest fire in northern Sweden: Results after eleven growing seasons

Ecological Engineering, December 2024

Samuel Roturier, Joel Jensen, ... Dan Bergström

View PDF

Research article *Open access*

Forest fire estimation and risk prediction using multispectral satellite images: Case study

Natural Hazards Research, June 2024

Nazimur Rahman Talukdar, Firoz Ahmad, ... Javed Rizvi

View PDF

Research article *Open access*

Integrating geospatial, remote sensing, and machine learning for climate-induced forest fire susceptibility mapping in Similipal Tiger Reserve, India

Forest Ecology and Management, 1 March 2024

Chiranjit Singha, Kishore Chandra Swain, ... Sanjay Kumar Swain

View PDF

Research article

Perspectives: Land use history, climate change, institutional capacity and war drive forest fire damage in the Siversky Donets basin of eastern Ukraine: A historical review

Forest Ecology and Management, 15 August 2025

Brian Milakovsky, Yehor Yatsiuk, ... Maryna Yarotska

Review article *Open access*

Forest fire surveillance systems: A review of deep learning methods

Heliyon, 15 January 2024

Azlan Saleh, Mohd Asyraf Zulkifley, ... Martin Spraggon

View PDF

Research article *Open access*

Estimating annual GHG and particulate matter emissions from rural and forest fires based on an integrated modelling approach

Science of The Total Environment, 10 January 2024

Carla Scarpa, Valentina Bacciu, ... Donatella Spano

View PDF

Research article *Open access*

Human activities and forest fires in Indonesia: An analysis of the Bromo incident and implications for conservation tourism

Trees, Forests and People, March 2024

Sapta Suhardono, Laili Fitria, ... Wisnu Prayogo

View PDF

Research article

Semantic sensor network ontology based decision support system for forest fire management

Ecological Informatics, December 2022

Ritesh Chandra, Sonali Agarwal, Navjot Singh

Research article *Open access*

Forest fire risk mapping with Landsat 8 OLI images: Evaluation of the potential use of vegetation indices

Ecological Informatics, March 2024

Fatih Sivrikaya, Alkan Günlü, ... Okan Ürker

View PDF

Research article

Predicting the potential impact of forest fires on runoff and sediment loads using a distributed hydrological modeling approach

Ecological Modelling, June 2022

Rouhollah Nasirzadehdizaji, Dilek Eren Akyuz

Research article *Open access*

Recurrent forest fires, emission of atmospheric pollutants (GHGs) and degradation of tropical dry deciduous forest ecosystem services

Total Environment Research Themes, September 2023

Soumik Saha, Biswajit Bera, ... Partha Pratim Adhikary

View PDF

Research article

RVFR: Random vector forest regression model for integrated & enhanced approach in forest fires predictions

Ecological Informatics, December 2021

Robin Singh Bhadoria, Manish Kumar Pandey, Pradeep Kundu

Research article

Forest fire susceptibility mapping with sensitivity and uncertainty analysis using machine learning and deep learning algorithms

Advances in Space Research, 15 July 2023

Mohd Rihan, Ahmed Ali Bindajam, ... Atiqur Rahman

Research article

Do environmental disasters affect human capital? The threat of forest fires

Economics of Education Review, December 2023

Jayash Paudel

Research article

Assessing the impact of ecological security and forest fire susceptibility on carbon stocks in Bo Trach district, Quang Binh province, Vietnam

Ecological Informatics, May 2023

The Van Pham, Tuyet Anh Thi Do, ... Anh Ngoc Thi Do

Research article

Risk of forest fires occurrence on a transition island Amazon-Cerrado: Where to act?

Forest Ecology and Management, 15 May 2023

Mariana de Aquino Aragão, Nilton Cesar Fiedler, ... Fernanda Moura Fonseca Lucas

Research article *Open access*

Effects of salvage logging after forest fire on Siberian larch regeneration and ecosystem carbon stocks at the drought limit of the boreal forest in Mongolia

Trees, Forests and People, December 2024

Choimaa Dulamsuren, Avirmed Buyanbaatar, ... Daramragchaa Tuya

View PDF

Research article

Areas of the Terai Arc landscape in Nepal at risk of forest fire identified by fuzzy analytic hierarchy process

Environmental Development, March 2023

Ashok Parajuli, Syed Amir Manzoor, Martin Lukac

Research article

Modeling forest fire risk based on GIS-based analytical hierarchy process and statistical analysis in Mediterranean region

Ecological Informatics, May 2022

Fatih Sivrikaya, Ömer Küçük

Research article *Open access*

Identification and modelling of forest fire severity and risk zones in the Cross – Niger transition forest with remotely sensed satellite data

The Egyptian Journal of Remote Sensing and Space Science, December 2021

Mfoniso Asuquo Enoh, Uzoma Chinenye Okeke, Needam Yiinu Narinua

View PDF

Research article

Comparison of digital aerial photogrammetry, lidar, and Sentinel-2 for evaluating forest fire effects

Forest Ecology and Management, 1 November 2025

Bryce Frank, Jacob L. Strunk, ... Sean C. McKenzie

Research article

Fine and ultrafine particle emission factors and new diagnostic ratios of PAHs for peat swamp forest fires

Environmental Pollution, 15 October 2023

Nobchonnee Nim, John Morris, ... Racha Dejchanchaiwong

Research article

Estimation of the aerosol optical thickness distribution in the Northeast Asian forest fire episode in May 2003: Possible missing emissions

Atmospheric Research, November–December 2010

Hee-Jin In, Yong Pyo Kim

Review article

A survey on systematic approaches in managing forest fires

Applied Geography, August 2020

Aditya Dhall, Akash Dhasade, ... Vinay Kulkarni

Research article

Forest fire occurrence, distribution and risk mapping using geoinformation technology: A case study in the sub-tropical forest of the Meghalaya, India

Remote Sensing Applications: Society and Environment, January 2023

Tapan Dhar, Basudeb Bhatta, S. Aravindan

Research article

Ecological impacts of forest fire on composition and structure of tropical deciduous forests of central India

Physics and Chemistry of the Earth, Parts A/B/C, December 2022

Gajendra Kumar, Amit Kumar, ... M. L. Khan

Research article

Modeling susceptibility to forest fires in the Central Corridor of the Atlantic Forest using the frequency ratio method

Journal of Environmental Management, 15 October 2021

Romário O. de Santana, Rafael C. Delgado, Alexandre Schiavetti

Research article *Open access*

Optimizing Forest Fire Prevention: Intelligent Scheduling Algorithms for Drone-Based Surveillance System

Procedia Computer Science, 2023

Mahdi Jemmali, B. Melhim Loai Kayed, ... Mafawez T. Alharbi

View PDF

Research article *Open access*

Modelling forest fire and firebreak scenarios in a mediterranean mountainous catchment: Impacts on sediment loads

Journal of Environmental Management, 1 July 2021

Grangeon Thomas, Vandromme Rosalie, ... Lo Porto Antonio

View PDF

Research article *Open access*

An Energy-Efficient Wireless Power Transmission-Based Forest Fire Detection System

Computers, Materials and Continua, 21 February 2022

Arwa A. Mashat, Niayesh Gharaei, Aliaa M. Alabdali

Research article

An integrated assessment of carbon emissions from forest fires beyond impacts on aboveground biomass. A showcase using airborne lidar and GEDI data over a megafire in Spain

Journal of Environmental Management, 1 November 2023

Adrián Pascual, Juan Guerra-Hernández

Research article

2021 Turkey mega forest Fires: Biodiversity measurements of the IUCN Red List wildlife mammals in Sentinel-2 based burned areas

Advances in Space Research, 1 April 2023

Fulya Aydin-Kandemir, Nusret Demir

Research article

Forest fire induced Natech risk assessment: A survey of geospatial technologies

Reliability Engineering & System Safety, November 2019

Mohsen Naderpour, Hossein Mojaddadi Rizeei, ... Biswajeet Pradhan

Research article *Open access*

Parallel SVM model for forest fire prediction

Soft Computing Letters, December 2021

Kajol R Singh, K. P. Neethu, ... Pushpa Mohan

View PDF

Review article *Open access*

Influences of forest fires on the permafrost environment: A review

Advances in Climate Change Research, February 2021

Xiao-Ying Li, Hui-Jun Jin, ... Ning Jia

View PDF

Research article

Forest fire action on vegetation from the perspective of trend analysis in future climate change scenarios for a Brazilian savanna region

Ecological Engineering, February 2022

Jonathan da Rocha Miranda, Rosane Gomes da Silva, Ronie Silva Juvanhol

Book chapter

Chapter 15: Forest fire susceptibility mapping and risk assessment using integrated AHP and DEMATEL method for Purulia District, West Bengal (India)

Water, Land, and Forest Susceptibility and Sustainability, 2023

Sanu Dolui

Research article

Study of the exceptional meteorological conditions, trace gases and particulate matter measured during the 2017 forest fire in Doñana Natural Park, Spain

Science of The Total Environment, 15 December 2018

J. A. Adame, L. Lope, ... M. Yela

Research article

Post-fire temporal trends in soil-physical and -hydraulic properties and simulated runoff generation: Insights from different burn severities in the 2013 Black Forest Fire, CO, USA

Science of The Total Environment, 1 January 2022

Brian A. Ebel, John A. Moody, Deborah A. Martin

Research article

Dynamics of forest fires in the southwestern Amazon

Forest Ecology and Management, 15 September 2018

Sonaira Souza da Silva, Philip Martin Fearnside, ... Antonio Willian Flores de Melo

Research article

Applying genetic algorithms to set the optimal combination of forest fire related variables and model forest fire susceptibility based on data mining models. The case of Dayu County, China

Science of The Total Environment, 15 July 2018

Haoyuan Hong, Paraskevas Tsangaratos, ... Chong Xu

Research article

Fire from policy, human interventions, or biophysical factors? Temporal–spatial patterns of forest fire in southwestern China

Forest Ecology and Management, 15 October 2020

Qinli Xiong, Xiaojin Luo, ... Xueyong Pang

Research article *Open access*

Application of remote sensing and machine learning algorithms for forest fire mapping in a Mediterranean area

Ecological Indicators, October 2021

Meriame Mohajane, Romulus Costache, ... Fatiha Oudija

View PDF

Differences in the intensity of past forest fire events inferred from stable oxygen isotope analysis of charred bark

Canadian Journal of Forest Research, 8 July 2024

Tegan McWhirter, Elizabeth A. Webb, Jeffery P. Dech

Research article

Vulnerability of larch forests to forest fires along a latitudinal gradient in eastern Siberia

Canadian Journal of Forest Research, 6 October 2022

A. V. Ivanov, M. Neumann, ... S. Bryanin

Research article

Application of learning vector quantization and different machine learning techniques to assessing forest fire influence factors and spatial modelling

Environmental Research, May 2020

Hamid Reza Pourghasemi, Amiya Gayen, ... John P. Tiefenbacher

Research article

Investigation of general indicators influencing on forest fire and its susceptibility modeling using different data mining techniques

Ecological Indicators, May 2016

Zohre Sadat Pourtaghi, Hamid Reza Pourghasemi, ... Teodoro Semeraro

Research article *Open access*

Examining the effects of forest fire on terrestrial carbon emission and ecosystem production in India using remote sensing approaches

Science of The Total Environment, 10 July 2020

Srikanta Sannigrahi, Francesco Pilla, ... P. S. Roy

View PDF

Research article *Open access*

Garden structure is critical for building survival in northern forest fires – An analysis using large Swedish wildfires

Safety Science, January 2023

Frida Vermina Plathner, Johan Sjöström, Anders Granström

View PDF

Research article

Beyond the Blaze: The Impact of Forest Fires on Energy Poverty

Energy Economics, September 2021

Jayash Paudel

Research article

Forest fire characteristics in China: Spatial patterns and determinants with thresholds

Forest Ecology and Management, 15 September 2018

Lingxiao Ying, Jie Han, ... Zehao Shen
