Research article

Fuzzy-metaheuristic ensembles for spatial assessment of forest fire susceptibility

Journal of Environmental Management, 15 April 2020

Hossein Moayedi, Mohammad Mehrabi, ... Loke Kok Foong

Research article *Open access*

Relevance of UAV and sentinel-2 data fusion for estimating topsoil organic carbon after forest fire

Geoderma, February 2023

David Beltrán-Marcos, Susana Suárez-Seoane, ... Leonor Calvo

Book chapter

Chapter 18: Indigenous people in the dynamics of land use changes, forest fires, and haze in Riau Province, Indonesia

Natural Resource Governance in Asia, 2021

Helmi Helmi, Defriman Djafri, ... Yefni Yefni

Research article

Comparative analysis of spatial variation in forest fire drivers between boreal and subtropical ecosystems in China

Forest Ecology and Management, 15 December 2019

Zhangwen Su, Mulualem Tigabu, ... Futao Guo

Research article

The effect of community and company participation and implementation of good forest fire governance on the forest fire policy in Indonesia

Journal of Science and Technology Policy Management, 25 May 2018

Adji Achmad Rinaldo Fernandes, Raffles Brotestes Panjaitan, Solimun

Research article

Forest fire legislation: Reactive or proactive?

Ecological Indicators, September 2019

Ecological Indicators, September 2019

Paulo Reis Mourao, Vítor Domingues Martinho

Research article

Influence of agricultural activities, forest fires and agro-industries on air quality in Thailand

Journal of Environmental Sciences, February 2017

Worradorn Phairuang, Mitsuhiko Hata, Masami Furuuchi

Research article

The role of central government and local government and the moderating effect of good governance on forest fire policy in Indonesia

Benchmarking: An International Journal, 17 January 2019

Raffles Brotestes Panjaitan, Sumartono, ... Choirul Saleh

Book chapter

15: Modeling the Spatial Variability of Forest Fire Susceptibility Using Geographical Information Systems and the Analytical Hierarchy Process

Spatial Modeling in GIS and R for Earth and Environmental Sciences, 2019

Gigović Ljubomir, Dragan Pamučar, ... Hamid Reza Pourghasemi

Research article

Predicting the minimum height of forest fire smoke within the atmosphere using machine learning and data from the CALIPSO satellite

Remote Sensing of Environment, 1 March 2018

Jiayun Yao, Sean M. Raffuse, ... Sarah B. Henderson

Research article

Causes of Indonesia's forest fires

World Development, March 2020

Ryan B. Edwards, Rosamond L. Naylor, ... Walter P. Falcon

Research article

Evaluating the effects of forest fire on water balance using fire susceptibility maps

Ecological Indicators, March 2020

K. Venkatesh, K. Preethi, H. Ramesh

Research article

Forest fire hazard zoning in Mato Grosso State, Brazil

Land Use Policy, November 2019

Pedro Henrique Santos Mota, Samuel José Silva Soares da Rocha, ... Alexandre Rosa dos Santos

Research article *Open access*

A novel optimized repeatedly random undersampling for selecting negative samples: A case study in an SVM-based forest fire susceptibility assessment

Journal of Environmental Management, 1 October 2020

Xianzhe Tang, Takashi Machimura, ... Haoyuan Hong

View PDF

Research article

Civil society engaged in wildfires: Mediterranean forest fire volunteer groupings

Forest Policy and Economics, May 2019

Elena Górriz-Mifsud, Matthew Burns, Valentino Marini Govigli

Research article

Modeling of multi-strata forest fire severity using Landsat TM Data

International Journal of Applied Earth Observation and Geoinformation, February 2011

Qingmin Meng, Ross K. Meentemeyer

Research article

Mapping surface fuel models using lidar and multispectral data fusion for fire behavior

Remote Sensing of Environment, 15 January 2008

Muge Mutlu, Sorin C. Popescu, ... Tom Spencer

Review article

Why are forest fires generally neglected in soil fauna research? A mini-review

Applied Soil Ecology, February 2016

Andrey S. Zaitsev, Konstantin B. Gongalsky, ... Jan Bengtsson

Research article *Open access*

Assessment of Central Siberia Forest Ecosystems Sustainability to Forest Fires: Academic Research Outcomes

Procedia - Social and Behavioral Sciences, 5 December 2015

Nataly Koshurnikova, Sergey Verkhovets, ... Andrey Zhuikov

View PDF

Research article

Significant decline of forest fires in Nilgiri Biosphere Reserve, India

Remote Sensing Applications: Society and Environment, August 2018

C. Sudhakar Reddy, K. V. Satish, P. V. V. Prasada Rao

Research article *Open access*

Deriving forest fire ignition risk with biogeochemical process modelling

Environmental Modelling & Software, May 2014

C. S. Eastaugh, H. Hasenauer

View PDF

Research article

Geographical information system-based forest fire risk assessment integrating national forest inventory data and analysis of its spatiotemporal variability

Ecological Indicators, June 2017

Weibin You, Li Lin, ... Dongjin He

Mini review

Operational perspective of remote sensing-based forest fire danger forecasting systems

ISPRS Journal of Photogrammetry and Remote Sensing, June 2015

Ehsan H. Chowdhury, Quazi K. Hassan

Research article *Open access*

Forest fire effects on sediment connectivity in headwater sub-catchments: Evaluation of indices performance

Science of The Total Environment, 25 August 2020

M. López-Vicente, J. González-Romero, M. E. Lucas-Borja

View PDF

Research article *Open access*

Predicting forest fires burned area and rate of spread from pre-fire multispectral satellite measurements

ISPRS Journal of Photogrammetry and Remote Sensing, December 2019

Carmine Maffei, Massimo Menenti

View PDF

Research article *Open archive*

Impacts and management of forest fires in the Republic of Sakha, Russia: A local perspective for a global problem

Polar Science, March 2021

Daiju Narita, Tuyara Gavrilyeva, Aleksandr Isaev

View PDF

Research article

Landscape fuel reduction, forest fire, and biophysical linkages to local habitat use and local persistence of fishers (Pekania pennanti) in Sierra Nevada mixed-conifer forests

Forest Ecology and Management, 1 February 2016

R. A. Sweitzer, B. J. Furnas, ... C. M. Thompson

Research article *Open access*

Forest fire mobilization and uptake of metals by biota temporarily exacerbates impacts of legacy mining

Science of The Total Environment, 1 August 2022

Ashley J. Rust, Scott Roberts, ... Terri S. Hogue

View PDF

Research article

Forest fires in southwestern Brazilian Amazonia: Estimates of area and potential carbon emissions

Forest Ecology and Management, 1 March 2013

Sumaia Saldanha de Vasconcelos, Philip Martin Fearnside, ... Evandro Orfanó Figueiredo

Research article *Open access*

Using Wireless Sensor Networks for Reliable Forest Fires Detection

Procedia Computer Science, 2013

Kechar Bouabdellah, Houache Noureddine, Sekhri Larbi

View PDF

Research article

Role of oxygen-containing functional groups in forest fire-generated and pyrolytic chars for immobilization of copper and nickel

Environmental Pollution, January 2017

Maryam Esfandbod, Christopher R. Merritt, ... Chengrong Chen

Research article *Open access*

Livelihood Vulnerability Associated with Forest Fire in Pauri-Garhwal, Western Himalaya

The Open Environmental Research Journal, 2018

Shashidhar Kumar Jha, Purna Jana, ... Rajendra Singh Negi

Research article

Virtual Fire: A web-based GIS platform for forest fire control

Virtual Fire: A web-based GIS platform for forest fire control

Ecological Informatics, July 2013

Kostas Kalabokidis, Nikolaos Athanasis, ... Christos Vasilakos

Research article

Crowdsourcing, data and information fusion and situation awareness for emergency Management of forest fires: The project DF100Fogo (FDWithoutFire)

Computers, Environment and Urban Systems, September 2019

Allan C. M. Oliveira, Leonardo C. Botega, ... Vania P. A. Neris

Research article

Vegetation cover and species richness after recurrent forest fires in the Eastern Mediterranean ecosystem of Mount Carmel, Israel

Science of The Total Environment, 1 December 2016

Naama Tessler, Lea Wittenberg, Noam Greenbaum

Research article

Local fractality: The case of forest fires in Portugal

Physica A: Statistical Mechanics and its Applications, 1 August 2017

Mikhail Kanevski, Mário G. Pereira

Research article

The role of forest fire severity on vegetation recovery after 18years. Implications for forest management of Quercus suber L. in Iberian Peninsula

Global and Planetary Change, October 2016

Marcos Francos, Xavier Úbeda, ... Artemio Cerdà

Research article

Land-use decision-making after large-scale forest fires: Analyzing fires as a driver of deforestation in Laguna del Tigre National Park, Guatemala

Applied Geography, November 2012

Claudia Monzón-Alvarado, Sergio Cortina-Villar, ... Luis Arriola

Research article

Utility theoretic semi-logarithmic incomplete demand systems in a natural experiment: Forest fire impacts on recreational values and use

Resource and Energy Economics, November 2009

James Hilger, Jeffrey Englin

Research article

Climate change, increasing forest fire incidence, and the value of visibility: evidence from British Columbia, Canada

Canadian Journal of Forest Research, 27 August 2019

Wolfgang Haider, Duncan Knowler, ... Ken Lertzman

Research article

Emerging contaminants related to the occurrence of forest fires in the Spanish Mediterranean

Science of The Total Environment, 15 December 2017

Julian Campo, María Lorenzo, ... Vicente Andreu

Research article

The role of scientists in forest fire media discourse and its potential influence for policy-agenda setting in Indonesia

Forest Policy and Economics, July 2016

Meti Ekayani, Dodik Ridho Nurrochmat, Dudung Darusman

Research article

Fire detection and temperature retrieval using EO-1 Hyperion data over selected Alaskan boreal forest fires

International Journal of Applied Earth Observation and Geoinformation, September 2019

Christine F. Waigl, Anupma Prakash, ... Philip Dennison

Research article

The state of wildfire and bushfire science: Temporal trends, research divisions and knowledge gaps

Safety Science, September 2022

Milad Haghani, Erica Kuligowski, ... Crystal A. Kolden

Research article

High stocks of coarse woody debris in a tropical rainforest, East Kalimantan: Coupled impact of forest fires and selective logging

Forest Ecology and Management, 15 August 2016

Yoko Osone, Takeshi Toma, ... Tamotsu Sato

Research article *Open access*

Wireless Sensor Networks and Fusion Information Methods for Forest Fire Detection

Procedia Technology, 2012

Procedia Technology, 2012

Arnoldo Díaz-Ramírez, Luis A. Tafoya, ... Pedro Mejía-Alvarez

View PDF

Research article

Hydrological and sedimentological changes following the 2010-forest fire in the Nahal Oren Basin, Mt. Carmel Israel–a comparison to pre-fire natural rates

CATENA, January 2021

Noam Greenbaum, Lea Wittenberg, ... Moshe Inbar

Research article

The effect of a forest fire disaster on emotions and perceptions of risk: A field study after the Carmel fire

Journal of Environmental Psychology, December 2013

Tal Shavit, Shosh Shahrabani, ... Mosi Rosenboim

Research article

Multi-source land cover classification for forest fire management based on imaging spectrometry and LiDAR data

Forest Ecology and Management, 30 July 2008

B. Koetz, F. Morsdorf, ... B. Allgöwer

Research article

Remote detection of forest fires from video signals with classifiers based on K-SVD learned dictionaries

Engineering Applications of Artificial Intelligence, August 2014

Roberto Rosas-Romero

Research article

Modeling and evaluating the effect of forest fire control on the CO2 cycle in Siberia

Energy, August–September 2005

T. Chikahisa, H. Anzai, ... K. Kudo

Research article

The ecogeochemical role of forest fires in the Baikal region

Geography and Natural Resources, June 2008

B. L. Shcherbov, V. D. Strakhovenko, F. V. Sukhorukov

Research article

Adapting Habitat Equivalency Analysis (HEA) to assess environmental loss and compensatory restoration following severe forest fires

Forest Ecology and Management, 15 April 2013

David A. Hanson, Erika M. Britney, ... Thomas G. Stewart

Research article

Estimating natural forest fire return interval in northeastern Ontario, Canada

Forest Ecology and Management, 10 October 2009

Michael T. Ter-Mikaelian, Stephen J. Colombo, Jiaxin Chen

Research article

Pinus halepensis M. versus Quercus ilex subsp. Rotundifolia L. runoff and soil erosion at pedon scale under natural rainfall in Eastern Spain three decades after a forest fire

Forest Ecology and Management, 15 September 2017

Artemi Cerdà, Manuel Esteban Lucas Borja, ... Saskia Keesstra

Book chapter

Chapter 8: Discourse on Taiwanese Forest Fires

Wildfire Hazards, Risks and Disasters, 2015

Jan-Chang Chen, Chaur-Tzuhn Chen

Book chapter

Chapter 5: Forest Fires in Europe: Facts and Challenges

Wildfire Hazards, Risks and Disasters, 2015

Fantina Tedim, Gavriil Xanthopoulos, Vittorio Leone

Research article

The influence of short-interval recurrent forest fires on the abundance of Aleppo pine (Pinus halepensis Mill.) on Mount Carmel, Israel

Forest Ecology and Management, 15 July 2014

Naama Tessler, Lea Wittenberg, ... Noam Greenbaum

Research article

Simplified coupled atmosphere-fire model for simulation of 2D wildland fires

Computer Physics Communications, October 2025

Daniel San Martin, Claudio E. Torres

Research article

Subsides to the creation of a regional model of forest fire hazard: Taquari River Springs

Park, MS—A case study

Atmospheric Environment, May 2007

L. M. Mercê de Albuquerque, A. C. Paranhos Filho, ... A. de Souza

Research article

Designing a forest-energy policy to reduce forest fires in Galicia (Spain): A contingent valuation application

Journal of Forest Economics, August 2010

Mario Soliño, Albino Prada, María X. Vázquez

Research article

Estimation of area burned by forest fires in Mediterranean countries: A remote sensing data mining perspective

Forest Ecology and Management, 15 October 2011

Carmen Quintano, Alfonso Fernández-Manso, ... Wietske Bijker

Research article

A comparative analysis of spatial, temporal, and ecological characteristics of forest fires in seasonally dry tropical ecosystems in the Western Ghats, India

Forest Ecology and Management, 10 August 2008

Narendran Kodandapani, Mark A. Cochrane, R. Sukumar

Research article

Forest fires within a temperate landscape: A decadal and millennial perspective from a sandstone region in Central Europe

Forest Ecology and Management, 15 January 2015

Martin Adámek, Přemysl Bobek, ... Martin Kopecký

Research article

What drives European beech (Fagus sylvatica L.) mortality after forest fires of varying severity?

Forest Ecology and Management, 15 May 2016

Janet Maringer, Davide Ascoli, ... Marco Conedera

Research article

A novel Budyko-based approach to quantify post-forest-fire streamflow response and recovery timescales

Journal of Hydrology, May 2022

Tyler R. Hampton, Nandita B. Basu

Tyler B. Hampton, Nandita B. Basu

Research article

Towards a destination tourism disaster management framework: Long-term lessons from a forest fire disaster

Tourism Management, February 2008

Perry W. Hystad, Peter C. Keller

Review article

Influences of wildfire on the forest ecosystem and climate change: A comprehensive study

Environmental Research, 1 January 2024

Kandasamy Gajendiran, Sabariswaran Kandasamy, Mathiyazhagan Narayanan

Short communication

Solar activity as a possible cause of large forest fires — A case study: Analysis of the Portuguese forest fires

Science of The Total Environment, 1 May 2008

J. F. P. Gomes, M. Radovanovic

Research article

Economic losses to Iberian swine production from forest fires

Forest Policy and Economics, October 2011

Juan Ramón Molina Martínez, Miguel Herrera Machuca, ... Armando González-Cabán

Research article

Forest fire occurrence increases the distribution of a scarce forest type in the Mediterranean Basin

Acta Oecologica, January 2013

Xavier Arnan, Lídia Quevedo, Anselm Rodrigo

Research article

Forest fires and the structure of the universe

Physica A: Statistical Mechanics and its Applications, 1 April 2002

Kan Chen, Per Bak

Research article

Development and analysis of a 12-year daily 1-km forest fire dataset across North America from NOAA/AVHRR data

Remote Sensing of Environment, 30 May 2007

Ruiliang Pu, Zhanqing Li, ... Fuzhong Weng

Research article *Open access*

Associations between landscape fires and child morbidity in southern Mozambique: a time-series study

The Lancet Planetary Health, January 2024

Ariadna Curto, Jovito Nunes, ... Cathryn Tonne

View PDF

Research article

Spatial and temporal distributions of mercury emissions from forest fires in Mediterranean region and Russian federation

Atmospheric Environment, December 2006

Sergio Cinnirella, Nicola Pirrone

Research article

Optimisation of location and number of lidar apparatuses for early forest fire detection in hilly terrain

Fire Safety Journal, March 2006

Armando M. Fernandes, Andrei B. Utkin, ... Rui M. Vilar

Research article *Open access*

Water-absorbing bags for high-altitude aerial firefighting: Mathematical modeling and drop pattern analysis

Results in Engineering, September 2025

Haoran Sun, Chengyun Wu, ... Haitao Hu

View PDF

Research article

Strategies for restoration of forest ecosystems degraded by forest fire in Kangwon Ecoregion of Korea

Forest Ecology and Management, 1 November 2004

Joon Hwan Shin, Don Koo Lee

Research article

LiDAR-based Computational Fluid Dynamics heat transfer models for bushfire conditions

International Journal of Disaster Risk Reduction, December 2021

Sahani Hendawitharana, Anthony Ariyanayagam, ... Felipe Gonzalez

Research article

Reduced mechanism for the combustion of evolved gases in forest fires

Combustion and Flame, August 2008

Valérie Leroy, Eric Leoni, Paul-Antoine Santoni

Research article *Open access*

A machine learning predictive model for bushfire ignition and severity: The Study of Australian black summer bushfires

Decision Analytics Journal, March 2025

Kasinda Henderson, Ripon K. Chakrabortty

View PDF

Research article

Effects of forest fire on the level and distribution of PCDD/Fs and PAHs in soil

Science of The Total Environment, 20 July 2003

Eun-Jung Kim, Jeong-Eun Oh, Yoon-Seok Chang

Review article

Human ecological intervention and the role of forest fires in human ecology

Science of The Total Environment, 26 June 2002

N. Caldararo

Review article

Chapter 16 A Probabilistic View of Chaparral and Forest Fire Regimes in Southern California and Northern Baja California

Developments in Environmental Science, 2008

Richard A. Minnich, Ernesto Franco-Vizcaíno

Research article

Estimating forest litter fuel load by integrating remotely sensed foliage phenology and modeled litter decomposition

Remote Sensing of Environment, 1 February 2025

Yanxi Li, Yiru Zhang, ... Thomas A. J. Janssen

Research article *Open access*

The effect of fire on the female pollination success of two non-rewarding orchid species

Journal for Nature Conservation, March 2025

Spyros Tsiftsis, Konstantinos Thomasoulis, ... Theodora Merou

View PDF

Research article *Open access*

Atmospheric dynamics and fire-induced phenomena: Insights from a comprehensive analysis of the Sertã wildfire event

Atmospheric Research, November 2024

I. C. Menezes, D. Lopes, ... A. I. Miranda

View PDF

Editorial

Editor's note on the special section on forest fire meteorology

Agricultural and Forest Meteorology, 10 November 2005

Kyaw Tha Paw U

Research article

Forest fire danger assessment methods and decision support

Safety Science, July 1995

J. L. Wybo, F. Guarniéri, B. Richard

Research article

The early impact of adjacent clearcutting and forest fire on riparian zone vegetation in northwestern Ontario

Forest Ecology and Management, 7 April 2003

Eric G Lamb, Azim U Mallik, Robert W Mackereth

Research article

A comparative study of long-term stand growth in eastern Canadian boreal forest: Fire versus clear-cut

Forest Ecology and Management, 15 December 2013

Arnaud Fourrier, David Pothier, Mathieu Bouchard

Research article *Open access*

Diurnal variation and prediction method of floor fuel moisture content in a Pinus massoniana-dominated forest in Guizhou province, China

Trees, Forests and People, September 2025

Yunlin Zhang, Man Liu, Na Jin

View PDF

Research article *Open access*

An integrated quantitative method of risk analysis and decision making for safety manipulation of a forest firefighting aircraft by using physical models of multi-hazard factors

Heliyon, 30 November 2024

Hui Lv, Yin Gu, ... Zhiyong Cai

View PDF

Research article

Forest fire and human interaction in the early Holocene woodlands of Britain

Palaeogeography, Palaeoclimatology, Palaeoecology, December 2000

Jenny Moore

Research article *Open access*

Forest structure, roads and soil moisture provide realistic predictions of fire spread in modern Swedish landscape

Ecological Modelling, January 2025

Sara Sharon Jones, Maksym Matsala, ... Igor Drobyshev

View PDF

Research article

Hybrid deep learn model for estimating burn severity by fusing GEDI, ICEsat-2, and sentinel-2 image

Agricultural and Forest Meteorology, 15 September 2025

Xintai Ma, Zechuan Wu, ... Mingze Li

Research article *Open access*

Understanding forest fragmentation dynamics and identifying drivers for forest cover loss using random forest models to develop effective forest management strategies in North-East India

Results in Engineering, June 2025

Soumik Mahapatra, Bishal Kumar Majhi, ... Upaka Rathnayake

View PDF

Research article *Open access*

Patterns of burned area by a cellular-automata fire simulator: The role of microscale wind field

Communications in Nonlinear Science and Numerical Simulation, December 2025

A. Sahila, A. Fiorese, ... G. Pagnini

View PDF

Research article

Evaluation of human losses from disasters: The case of the 2010 heat waves and forest fires in Russia

International Journal of Disaster Risk Reduction, March 2014

Boris Porfiriev

Review article

Integrated wildfire danger models and factors: A review

Science of The Total Environment, 15 November 2023

Ioannis Zacharakis, Vassilios A. Tsihrintzis
