Research article

Applying genetic algorithms to set the optimal combination of forest fire related variables and model forest fire susceptibility based on data mining models. The case of Dayu County, China

Science of The Total Environment, 15 July 2018

Haoyuan Hong, Paraskevas Tsangaratos, ... Chong Xu

Research article

Vulnerability of larch forests to forest fires along a latitudinal gradient in eastern Siberia

Canadian Journal of Forest Research, 6 October 2022

A. V. Ivanov, M. Neumann, ... S. Bryanin

Review article *Open access*

Influences of forest fires on the permafrost environment: A review

Advances in Climate Change Research, February 2021

Xiao-Ying Li, Hui-Jun Jin, ... Ning Jia

View PDF

Research article

Three topographical approaches to survey soil erosion on a mountain trail affected by a forest fire. Barranc de la Manesa, Llutxent, Eastern Iberian Peninsula

Journal of Environmental Management, 15 June 2020

D. Salesa, A. Minervino Amodio, ... A. Cerdà

Differences in the intensity of past forest fire events inferred from stable oxygen isotope analysis of charred bark

Canadian Journal of Forest Research, 8 July 2024

Tegan McWhirter, Elizabeth A. Webb, Jeffery P. Dech

Research article

LoRa network based high performance forest fire detection system

Materials Today: Proceedings, 2023

K Ram Prasanna, J. M. Mathana, ... R. Nirmala

Research article

IoT enabled advanced forest fire detecting and monitoring on Ubidots platform

Materials Today: Proceedings, 2021

P. Kanakaraja, P. Syam Sundar, ... G. Sai Manikanta

Research article *Open access*

Examining the effects of forest fire on terrestrial carbon emission and ecosystem production in India using remote sensing approaches

Science of The Total Environment, 10 July 2020

Srikanta Sannigrahi, Francesco Pilla, ... P. S. Roy

View PDF

Research article

Forest fire characteristics in China: Spatial patterns and determinants with thresholds

Forest Ecology and Management, 15 September 2018

Lingxiao Ying, Jie Han, ... Zehao Shen

Research article

Landscape fuel reduction, forest fire, and biophysical linkages to local habitat use and local persistence of fishers (Pekania pennanti) in Sierra Nevada mixed-conifer forests

Forest Ecology and Management, 1 February 2016

R. A. Sweitzer, B. J. Furnas, ... C. M. Thompson

Research article

Unmanned Aerial Vehicle (UAV) based Forest Fire Detection and monitoring for reducing false alarms in forest-fires

Computer Communications, January 2020

S. Sudhakar, V. Vijayakumar, ... V. Subramaniyaswamy

Research article

Applying GIS to develop a model for forest fire risk: A case study in Espírito Santo, Brazil

Journal of Environmental Management, 15 May 2016

Fernando Coelho Eugenio, Alexandre Rosa dos Santos, ... Vitor Roberto Schettino

Research article

Study of the exceptional meteorological conditions, trace gases and particulate matter measured during the 2017 forest fire in Doñana Natural Park, Spain

Science of The Total Environment, 15 December 2018

J. A. Adame, L. Lope, ... M. Yela

Research article

Evaluating the effects of forest fire on water balance using fire susceptibility maps

Ecological Indicators, March 2020

K. Venkatesh, K. Preethi, H. Ramesh

Research article

Forest fire hazard zoning in Mato Grosso State, Brazil

Land Use Policy, November 2019

Pedro Henrique Santos Mota, Samuel José Silva Soares da Rocha, ... Alexandre Rosa dos Santos

Research article

A modeling study of the impact of the 2007 Greek forest fires on the gaseous pollutant levels in the Eastern Mediterranean

Atmospheric Research, November 2014

A. Poupkou, K. Markakis, ... C. Zerefos

Research article

Comparative analysis of spatial variation in forest fire drivers between boreal and subtropical ecosystems in China

Forest Ecology and Management, 15 December 2019

Zhangwen Su, Mulualem Tigabu, ... Futao Guo

Research article

The role of central government and local government and the moderating effect of good governance on forest fire policy in Indonesia

Benchmarking: An International Journal, 17 January 2019

Raffles Brotestes Panjaitan, Sumartono, ... Choirul Saleh

Research article

The effect of community and company participation and implementation of good forest fire governance on the forest fire policy in Indonesia

Journal of Science and Technology Policy Management, 25 May 2018

Adji Achmad Rinaldo Fernandes, Raffles Brotestes Panjaitan, Solimun

Research article

Fuzzy-metaheuristic ensembles for spatial assessment of forest fire susceptibility

Journal of Environmental Management, 15 April 2020

Hossein Moayedi, Mohammad Mehrabi, ... Loke Kok Foong

Research article *Open access*

A novel optimized repeatedly random undersampling for selecting negative samples: A case study in an SVM-based forest fire susceptibility assessment

Journal of Environmental Management, 1 October 2020

Xianzhe Tang, Takashi Machimura, ... Haoyuan Hong

View PDF

Review article *Open access*

A review of forest fire surveillance technologies: Mobile ad-hoc network routing protocols perspective

Journal of King Saud University - Computer and Information Sciences, April 2019

Fahad Taha AL-Dhief, Naseer Sabri, ... Musatafa Abbas Abbood Albader

View PDF

Research article

Crowdsourcing, data and information fusion and situation awareness for emergency Management of forest fires: The project DF100Fogo (FDWithoutFire)

Computers, Environment and Urban Systems, September 2019

Allan C. M. Oliveira, Leonardo C. Botega, ... Vania P. A. Neris

Research article *Open archive*

Impacts and management of forest fires in the Republic of Sakha, Russia: A local perspective for a global problem

Polar Science, March 2021

Daiju Narita, Tuyara Gavrilyeva, Aleksandr Isaev

View PDF

Research article

Analysis of cost-effective sensors: Data Fusion approach used for Forest Fire Application

Materials Today: Proceedings, 2020

Neetu Verma, Dinesh Singh

Book chapter

15: Modeling the Spatial Variability of Forest Fire Susceptibility Using Geographical Information Systems and the Analytical Hierarchy Process

Spatial Modeling in GIS and R for Earth and Environmental Sciences, 2019

Gigović Ljubomir, Dragan Pamučar, ... Hamid Reza Pourghasemi

Research article

Estimating natural forest fire return interval in northeastern Ontario, Canada

Forest Ecology and Management, 10 October 2009

Michael T. Ter-Mikaelian, Stephen J. Colombo, Jiaxin Chen

Research article

Use of unmanned vehicles in search and rescue operations in forest fires: Advantages and limitations observed in a field trial

International Journal of Disaster Risk Reduction, September 2015

S. Karma, E. Zorba, ... M. Statheropoulos

Research article

Virtual Fire: A web-based GIS platform for forest fire control

Ecological Informatics, July 2013

Kostas Kalabokidis, Nikolaos Athanasis, ... Christos Vasilakos

Research article *Open access*

Using Wireless Sensor Networks for Reliable Forest Fires Detection

Procedia Computer Science, 2013

Kechar Bouabdellah, Houache Noureddine, Sekhri Larbi

View PDF

Research article

Geographical information system-based forest fire risk assessment integrating national forest inventory data and analysis of its spatiotemporal variability

Ecological Indicators, June 2017

Weibin You, Li Lin, ... Dongjin He

Research article *Open access*

Deriving forest fire ignition risk with biogeochemical process modelling

Environmental Modelling & Software, May 2014

C. S. Eastaugh, H. Hasenauer

View PDF

Research article *Open access*

Livelihood Vulnerability Associated with Forest Fire in Pauri-Garhwal, Western Himalaya

The Open Environmental Research Journal, 2018

Shashidhar Kumar Jha, Purna Jana, ... Rajendra Singh Negi

Research article

The role of scientists in forest fire media discourse and its potential influence for policy-agenda setting in Indonesia

Forest Policy and Economics, July 2016

Meti Ekayani, Dodik Ridho Nurrochmat, Dudung Darusman

Research article

Significant decline of forest fires in Nilgiri Biosphere Reserve, India

Remote Sensing Applications: Society and Environment, August 2018

C. Sudhakar Reddy, K. V. Satish, P. V. V. Prasada Rao

Research article

Forest fire flame and smoke detection from UAV-captured images using fire-specific color features and multi-color space local binary pattern

Journal of Unmanned Vehicle Systems, 24 June 2020

F. M. Anim Hossain, Youmin M. Zhang, Masuda Akter Tonima

Mini review

Operational perspective of remote sensing-based forest fire danger forecasting systems

ISPRS Journal of Photogrammetry and Remote Sensing, June 2015

Ehsan H. Chowdhury, Quazi K. Hassan

Research article

Causes of Indonesia’s forest fires

World Development, March 2020

Ryan B. Edwards, Rosamond L. Naylor, ... Walter P. Falcon

Research article

Long-run health consequences of air pollution: Evidence from Indonesia's forest fires of 1997

Economics & Human Biology, August 2017

Younoh Kim, Scott Knowles, ... Vlad Radoias

Research article

Simplified coupled atmosphere-fire model for simulation of 2D wildland fires

Computer Physics Communications, October 2025

Daniel San Martin, Claudio E. Torres

Research article *Open access*

Assessment of Central Siberia Forest Ecosystems Sustainability to Forest Fires: Academic Research Outcomes

Procedia - Social and Behavioral Sciences, 5 December 2015

Nataly Koshurnikova, Sergey Verkhovets, ... Andrey Zhuikov

View PDF

Research article

Civil society engaged in wildfires: Mediterranean forest fire volunteer groupings

Forest Policy and Economics, May 2019

Elena Górriz-Mifsud, Matthew Burns, Valentino Marini Govigli

Research article *Open access*

Forest structure, roads and soil moisture provide realistic predictions of fire spread in modern Swedish landscape

Ecological Modelling, January 2025

Sara Sharon Jones, Maksym Matsala, ... Igor Drobyshev

View PDF

Research article

Land-use decision-making after large-scale forest fires: Analyzing fires as a driver of deforestation in Laguna del Tigre National Park, Guatemala

Applied Geography, November 2012

Claudia Monzón-Alvarado, Sergio Cortina-Villar, ... Luis Arriola

Research article *Open access*

Forest fire effects on sediment connectivity in headwater sub-catchments: Evaluation of indices performance

Science of The Total Environment, 25 August 2020

M. López-Vicente, J. González-Romero, M. E. Lucas-Borja

View PDF

Research article

High stocks of coarse woody debris in a tropical rainforest, East Kalimantan: Coupled impact of forest fires and selective logging

Forest Ecology and Management, 15 August 2016

Yoko Osone, Takeshi Toma, ... Tamotsu Sato

Research article

Modeling and evaluating the effect of forest fire control on the CO2 cycle in Siberia

Energy, August–September 2005

T. Chikahisa, H. Anzai, ... K. Kudo

Book chapter

Chapter 18: Indigenous people in the dynamics of land use changes, forest fires, and haze in Riau Province, Indonesia

Natural Resource Governance in Asia, 2021

Helmi Helmi, Defriman Djafri, ... Yefni Yefni

Research article

The effect of a forest fire disaster on emotions and perceptions of risk: A field study after the Carmel fire

Journal of Environmental Psychology, December 2013

Tal Shavit, Shosh Shahrabani, ... Mosi Rosenboim

Research article

Local fractality: The case of forest fires in Portugal

Physica A: Statistical Mechanics and its Applications, 1 August 2017

Mikhail Kanevski, Mário G. Pereira

Research article

Emerging contaminants related to the occurrence of forest fires in the Spanish Mediterranean

Science of The Total Environment, 15 December 2017

Julian Campo, María Lorenzo, ... Vicente Andreu

Research article

Forest fires in southwestern Brazilian Amazonia: Estimates of area and potential carbon emissions

Forest Ecology and Management, 1 March 2013

Sumaia Saldanha de Vasconcelos, Philip Martin Fearnside, ... Evandro Orfanó Figueiredo

Research article

Fire detection and temperature retrieval using EO-1 Hyperion data over selected Alaskan boreal forest fires

International Journal of Applied Earth Observation and Geoinformation, September 2019

Christine E. Waigl, Anupma Prakash, ... Philip Dennison

Christine F. Waigl, Anupma Prakash, ... Philip Dennison

Research article

Adapting Habitat Equivalency Analysis (HEA) to assess environmental loss and compensatory restoration following severe forest fires

Forest Ecology and Management, 15 April 2013

David A. Hanson, Erika M. Britney, ... Thomas G. Stewart

Research article

Management of forest fire buffer zones: Implications for flowering plants and bees

Forest Ecology and Management, 1 October 2020

Alon Ornai, Gidi Ne'eman, Tamar Keasar

Research article

The state of wildfire and bushfire science: Temporal trends, research divisions and knowledge gaps

Safety Science, September 2022

Milad Haghani, Erica Kuligowski, ... Crystal A. Kolden

Research article

Multi-source land cover classification for forest fire management based on imaging spectrometry and LiDAR data

Forest Ecology and Management, 30 July 2008

B. Koetz, F. Morsdorf, ... B. Allgöwer

Research article

Designing a forest-energy policy to reduce forest fires in Galicia (Spain): A contingent valuation application

Journal of Forest Economics, August 2010

Mario Soliño, Albino Prada, María X. Vázquez

Research article

What drives European beech (Fagus sylvatica L.) mortality after forest fires of varying severity?

Forest Ecology and Management, 15 May 2016

Janet Maringer, Davide Ascoli, ... Marco Conedera

Book chapter

Chapter 8: Discourse on Taiwanese Forest Fires

Wildfire Hazards, Risks and Disasters, 2015

Jan-Chang Chen, Chaur-Tzuhn Chen

Research article

The influence of short-interval recurrent forest fires on the abundance of Aleppo pine (Pinus halepensis Mill.) on Mount Carmel, Israel

Forest Ecology and Management, 15 July 2014

Naama Tessler, Lea Wittenberg, ... Noam Greenbaum

Research article *Open access*

Improving wildland fire spread prediction using deep U-Nets

Science of Remote Sensing, December 2023

Fadoua Khennou, Moulay A. Akhloufi

View PDF

Research article

Forest fires within a temperate landscape: A decadal and millennial perspective from a sandstone region in Central Europe

Forest Ecology and Management, 15 January 2015

Martin Adámek, Přemysl Bobek, ... Martin Kopecký

Research article

A comparative analysis of spatial, temporal, and ecological characteristics of forest fires in seasonally dry tropical ecosystems in the Western Ghats, India

Forest Ecology and Management, 10 August 2008

Narendran Kodandapani, Mark A. Cochrane, R. Sukumar

Research article

The ecogeochemical role of forest fires in the Baikal region

Geography and Natural Resources, June 2008

B. L. Shcherbov, V. D. Strakhovenko, F. V. Sukhorukov

Book chapter

Chapter 5: Forest Fires in Europe: Facts and Challenges

Wildfire Hazards, Risks and Disasters, 2015

Fantina Tedim, Gavriil Xanthopoulos, Vittorio Leone

Research article

Development and analysis of a 12-year daily 1-km forest fire dataset across North

America from NOAA/AVHRR data

Remote Sensing of Environment, 30 May 2007

Ruiliang Pu, Zhanqing Li, ... Fuzhong Weng

Short communication

Solar activity as a possible cause of large forest fires — A case study: Analysis of the Portuguese forest fires

Science of The Total Environment, 1 May 2008

J. F. P. Gomes, M. Radovanovic

Research article

Mapping surface fuel models using lidar and multispectral data fusion for fire behavior

Remote Sensing of Environment, 15 January 2008

Muge Mutlu, Sorin C. Popescu, ... Tom Spencer

Research article

Forest fire occurrence increases the distribution of a scarce forest type in the Mediterranean Basin

Acta Oecologica, January 2013

Xavier Arnan, Lídia Quevedo, Anselm Rodrigo

Review article

Influences of wildfire on the forest ecosystem and climate change: A comprehensive study

Environmental Research, 1 January 2024

Kandasamy Gajendiran, Sabariswaran Kandasamy, Mathiyazhagan Narayanan

Research article *Open access*

Patterns of burned area by a cellular-automata fire simulator: The role of microscale wind field

Communications in Nonlinear Science and Numerical Simulation, December 2025

A. Sahila, A. Fiorese, ... G. Pagnini

View PDF

Book chapter

Chapter 30: Management of city vulnerability to bushfire risk using advanced GIS-based spatial tools

Resilient and Sustainable Cities, 2023

Murray Herron, Ali Jalali, ... Emma Duncan

Murray Herron, Ali Jalali, ... Emma Duncan

Research article

Optimisation of location and number of lidar apparatuses for early forest fire detection in hilly terrain

Fire Safety Journal, March 2006

Armando M. Fernandes, Andrei B. Utkin, ... Rui M. Vilar

Review article

Chapter 16 A Probabilistic View of Chaparral and Forest Fire Regimes in Southern California and Northern Baja California

Developments in Environmental Science, 2008

Richard A. Minnich, Ernesto Franco-Vizcaíno

Research article

Reduced mechanism for the combustion of evolved gases in forest fires

Combustion and Flame, August 2008

Valérie Leroy, Eric Leoni, Paul-Antoine Santoni

Research article

Statistical analysis on current status of China forest fire safety

Fire Safety Journal, April 2003

Maohua Zhong, Weicheng Fan, ... Peide Li

Research article

Combining AVHRR imagery with CORINE Land Cover data to observe forest fires and to assess their consequences

International Journal of Applied Earth Observation and Geoinformation, October 2004

N. Sifakis, D. Paronis, I. Keramitsoglou

Research article *Open access*

A machine learning predictive model for bushfire ignition and severity: The Study of Australian black summer bushfires

Decision Analytics Journal, March 2025

Kasinda Henderson, Ripon K. Chakrabortty

View PDF

Review article

Human ecological intervention and the role of forest fires in human ecology

Science of The Total Environment, 26 June 2002

N. Caldararo

Research article *Open access*

Effect of fire spread, flame characteristic, fire intensity on particulate matter 2.5 released from surface fuel combustion of Pinus koraiensis plantation– A laboratory simulation study

Environment International, August 2022

Jibin Ning, Guang Yang, ... Hongzhou Yu

View PDF

Research article

Estimating forest litter fuel load by integrating remotely sensed foliage phenology and modeled litter decomposition

Remote Sensing of Environment, 1 February 2025

Yanxi Li, Yiru Zhang, ... Thomas A. J. Janssen

Research article

Using SPOT images and field sampling to map burn severity and vegetation factors affecting post forest fire erosion risk

CATENA, 15 November 2008

D. M. Fox, F. Maselli, P. Carrega

Research article

The early impact of adjacent clearcutting and forest fire on riparian zone vegetation in northwestern Ontario

Forest Ecology and Management, 7 April 2003

Eric G Lamb, Azim U Mallik, Robert W Mackereth

Research article *Open access*

Peatland forest monitoring and management solution in Peninsular Malaysia: Optimal parameters for LoRa data

Ain Shams Engineering Journal, May 2025

Nur Luqman Saleh, Aduwati Sali, ... Nordin Ramli

View PDF

Research article

Forest fire danger assessment methods and decision support

Safety Science, July 1995

J. L. Wybo, F. Guarniéri, B. Richard

Research article *Open access*

Modelling of wildland-urban interface fire spread with the heterogeneous cellular automata model

Environmental Modelling & Software, January 2021

Wenyu Jiang, Fei Wang, ... Qingxiang Meng

View PDF

Research article *Open access*

An integrated quantitative method of risk analysis and decision making for safety manipulation of a forest firefighting aircraft by using physical models of multi-hazard factors

Heliyon, 30 November 2024

Hui Lv, Yin Gu, ... Zhiyong Cai

View PDF

Research article

Wildfire and the atmosphere: Modelling the chemical and dynamic interactions at the regional scale

Atmospheric Environment, May 2012

S. Strada, C. Mari, ... F. Bosseur

Research article

Collaboration of thermal sensors and drones in fighting wildfires; Mathematical model and heuristic approach

Internet of Things, July 2024

Maryam Momeni, S. Mohammad J. Mirzapour Al-e-Hashem

Research article

Evaluation of human losses from disasters: The case of the 2010 heat waves and forest fires in Russia

International Journal of Disaster Risk Reduction, March 2014

Boris Porfiriev

Research article *Open access*

Diurnal variation and prediction method of floor fuel moisture content in a Pinus massoniana-dominated forest in Guizhou province, China

Trees, Forests and People, September 2025

Yunlin Zhang, Man Liu, Na Jin

View PDF

Research article

Forest fire and human interaction in the early Holocene woodlands of Britain

Palaeogeography, Palaeoclimatology, Palaeoecology, December 2000

Jenny Moore

Review article

Integrated wildfire danger models and factors: A review

Science of The Total Environment, 15 November 2023

Ioannis Zacharakis, Vassilios A. Tsihrintzis

Research article *Open access*

Assessing cost-effectiveness of land management measures to restore forest ecosystem services after fire using hydrological modelling and multi-criteria decision analysis

CATENA, April 2025

Beatriz Faria, João Pedro Nunes, ... Sergio A. Prats

View PDF

Research article *Open access*

Water-absorbing bags for high-altitude aerial firefighting: Mathematical modeling and drop pattern analysis

Results in Engineering, September 2025

Haoran Sun, Chengyun Wu, ... Haitao Hu

View PDF

Research article

Fire risk mapping using machine learning method and remote sensing in the Mediterranean region

Advances in Space Research, 1 April 2025

Fatih Sivrikaya, Döndü Demirel

Research article

Isarithmic analysis of forest fire fuelbed arrays

Ecological Modelling, June 1995

Kostas D. Kalabokidis, Philip N. Omi

Research article *Open access*

Logging Amazon forest increased the severity and spread of fires during the 2015–2016 El Niño

Forest Ecology and Management, 15 November 2021

Paulo Eduardo Barni, Anelícia Cleide Martins Rego, ... Philip Martin Fearnside

View PDF

Research article

Analysis of urban pollution and forest fire surveillance

Computers, Environment and Urban Systems, July–August 1994

Jean-Christophe Hadorn, Bernard Saugy
